

## USES

DOUBLE-GUARD is the modern two-fold floor finish. It is an effective adjunct in your environmental sanitation program, and protects all types of composition flooring. DOUBLE-GUARD applied to the floor imparts a residual bacteriostatic activity on the surface between normal applications and thereby controls the growth of many infectious organisms. DOUBLE-GUARD is an important aid in the sanitation program of Hospitals, Rest Homes, Sanitariums, Nurseries, Offices, Plants and Homes.

DOUBLE-GUARD has high toxicity to micro-organisms.

DOUBLE-GUARD is a heavy duty, dry bright polymer type finish. It is non-powdering, non-yellowing—extremely soil resistant, enjoying excellent water resistance and leveling properties. DOUBLE-GUARD buffs to a very high gloss with maximum slip resistance. DOUBLE-GUARD is not to be used as a substitute for terminal disinfection.

**CAUTION:** Harmful if swallowed. May be absorbed through skin. Causes skin irritation. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. In case of contact, immediately remove contaminated clothing and wash skin with soap and water; for eyes, flush with plenty of water and get medical attention. Wash clothing before reuse. Avoid storage near feed and food products.

# DOUBLE-GUARD

Stock No. W-429  
 (A Bacteriostatic Floor Finish)

ONE U.S. GALLON

USDA Reg. No. 1750-45

**CAUTION - KEEP OUT OF REACH OF CHILDREN**  
 SEE SIDE PANEL FOR ADDITIONAL CAUTIONS

IT'S THE **BEST** YOU WANT

1. Clean floor waxes or floor finishes using Best Wax Pad, Stock No. FBM-772, before applying Double-Guard.
2. Pick-up clean water and dry floor.
3. Buff stripped floors with Best Wax Pad, Stock No. F-669, before applying Double-Guard. This step may be omitted.
4. For maximum protection on floors, apply Double-Guard in two steps. This step may be omitted.
5. Apply DOUBLE-GUARD in a thin film over the floor. The degree of protection depends upon the degree of protection.
6. Although Double-Guard is a disinfectant, additional polishing by using a lamplight.

Warranty void if applied into the contents.
