

AMERSTAT[®] WB

FOR CONTROL OF THE GROWTH OF BACTERIA AND FUNGI

FOR INDUSTRIAL USE ONLY

DANGER

KEEP OUT OF REACH OF CHILDREN

CORROSIVE

EPA EST. NO.
1757-NJ-1
1757-NJ-2
1757-TX-1

This product helps control the growth of bacteria and fungi in the bottom water of fuel storage tanks. For use directions refer to the Product Data Sheet.

This product is toxic to fish, birds, and other wildlife.

Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water.

Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified in the Product Data Sheet

Do not reuse empty container. Container should be destroyed by perforation or crushing. Discard container in a safe place.

ACTIVE INGREDIENT 10%
Methylene bis(thiocyanate) 10%

INERT INGREDIENTS* 90%
* Includes Dispersing Agents

E.P.A. Reg. No. 1757-63-AA

Net Contents: 200 liters (52.84 Gallons Liquid)
See Markings on Top of Drum

Amerstat WB

General

Amerstat WB is a biocide, an effective preservative for water bottom treatment of petrochemical storage tanks to control the growth of hydrocarbon-degrading bacteria and fungi at the water-hydrocarbon interface.

Amerstat WB is a biocide. Methyl diethyl thiocyanate in a solvent system containing chemical and non-chemical preservatives and agents. The combination results in a product which has a wide spectrum of antimicrobial activity against water bottom microorganisms.

Amerstat WB is a biocide, and is recommended for use in oil and water systems, or where contamination of petroleum products is a concern.

Description

Composition	A blend of Methyl diethyl thiocyanate and Isopropyl Alcohol
Appearance	A clear, colorless liquid
Formula	$C_{12}H_{22}N_2S$
Weight	10.5 lb (4.8 kg)
Weight per gallon	10.5 lb (4.8 kg)
Specific Gravity	0.85
Flash Point	100°F (38°C)
Freezing Point	-10°F (-23°C)

Directions

DOSAGE

The dosage of *Amerstat WB* is a biocide for water bottom treatment will depend on a number of factors, such as the type of system being treated, the nature and extent of microbial contamination.

Note: This document is a technical specification and should be used in conjunction with the product label and safety data sheet. The information provided here is for informational purposes only and does not constitute a warranty or guarantee of performance. The user should always follow the manufacturer's instructions and safety precautions.

time and the degree of control required. Generally, dosages vary from 0.3 to 1.0 liters of Amerstat 218 per 100 gallons of water present (0.3 to 1.0 gallon per 1,000 gallons).

For more information, your Dress Service Engineer will provide technical assistance so that specific application and control methods can be recommended.

FEEDING

Amerstat 218 may be used to feed trout and other sport fish directly into a culture tank. The product may be fed into the water bleed-off line of the tank. Use

specialized equipment and schedules will be recommended. Visit a local bait and tackle shop for your particular application.

Handling

Can cause serious eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles, eye face shield and rubber gloves when handling. Harmful, or fatal if swallowed. Avoid contamination of food.

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eye, call a physician. Remove and wash contaminated clothing before re-use.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

Environmental Caution

This product is toxic to fish, birds, and other wildlife. Treatments should not be discharged where they drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment and disposal of wastes. Apply this product only as specified on this product data sheet.
