# BIOSPERSE® 244

## WATER TREATMENT MICROBIOCIDE FOR INDUSTRIAL USE ONLY

This product is highly effective in controlling the growth of bacteria, fungi and algae in industrial recirculating water cooling towers. It also controls slime-forming bacteria and fungi in airwasher systems; and controls bacteria, fungi and yeasts in enhanced oil recovery systems and in metalworking fluids containing water.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Refer to the Product Data Sheet for Biosperse 244 for use directions and other technical data.

#### STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

DISPOSAL: Pesticide or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Triple rinse (or equivalent) all containers and for metal containers offer for recycling or reconditioning (for plastic containers dispose in an incinerator), or dispose in landfill approved for pesticide containers or bury in a safe place. Consult federal, state or local disposal authorities for approved alternative procedures
