

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 1757-83	DATE OF ISSUANCE 19 SEP 1986
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		NAME OF PESTICIDE PRODUCT DRENCHLOR L

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Drew Industries Division
 Ashland Chemical Company
 One Drew Plaza
 Benton, MA 01765

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 1757-83" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the 4-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 3(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DO NOT USE WELDING OR CUTTING TORCH ON OR NEAR THIS CONTAINER (EVEN WHEN EMPTY)

DREWCHLOR®

chlorine dioxide precursor

DREWCHLOR® a chlorine dioxide precursor is used to generate chlorine dioxide that helps control bacterial, fungal and algal growth in industrial once-through and recirculating cooling water systems such as cooling towers, pasteurizers, air washers equipped with a mist eliminator, evaporative condensers; process water systems such as flume water used in food plants, pulp and paper mill white water and sugar mill process water; and municipal potable water plants and industrial and municipal waste water/sewage treatment plants.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Refer to the DREWCHLOR® Product Data Sheet for use directions and other technical information.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Do not store near combustible materials.

UNLOADING INSTRUCTIONS (TANKWAGON)

Open dome cover. Contents should be fluid. If so, start unloading if not, unclog both heating coil outlets as found on end or underneath car tank and steam until contents reach 120°F. Then, unload according to directions below.

BOTTOM UNLOADING: Always in cold weather steam 5 to 10 minutes the bottom outlet (underneath car center) through one of the two 2" steam connections leaving the other open. Connect 2" plug cock to unloading line then open it. Unscrew valve handle near car dome top turn upside down and fit on end of valve stem. Carefully open valve by turning left hand. Some cars are equipped with an exterior bottom outlet ball valve. This is controlled by lever underneath the car instead of on the dome.

TOP UNLOADING: Tightly close dome lid. Lift rounded oblong hood on dome. Connect top 2" plug cock to unloading line then open it. Connect 1" plug cock to air line then open it. Apply carefully from line valve. Use only clean dry air and do not exceed 23 lb gauge pressure.

RETURNING EMPTY CAR: Disconnect all lines. If steam coils have been used connect compressed air line to steam inlet and blow condensate from coils. Do not replace caps on steam connections. Close all car cocks and valves. Replace and tighten all car fittings.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous.

Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

IN CASE OF SPILL: Wash spill area with water and flush to approved disposal area. Do not allow to dry in contact with combustible materials, including vegetation.

CONTAINER DISPOSAL:

Triple rinse (or equivalent) all containers then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

ACTIVE INGREDIENT: Sodium Chlorate	39.5%
INERT INGREDIENT:	60.5%
TOTAL	100%

KEEP OUT OF REACH OF CHILDREN
DANGER

STATEMENT OF PRACTICAL TREATMENT

FIRST AID:

EYES: Immediately flush with water for at least 15 minutes while lifting upper and lower eyelids. Do not use chemical antidote. Get medical attention immediately.

SKIN: Immediately flush with water for at least 15 minutes. Do not use chemical antidote. Get medical attention. Remove contaminated clothing and wash before reuse. Discard contaminated shoes.

INHALATION: If affected, remove to fresh air. If breathing is difficult, get medical attention.

INGESTION: Do not induce vomiting. Give two glasses of water and get medical attention immediately. Never give anything by mouth to an unconscious person.
