

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**WARNING**

Caution: This product contains chemicals which are known to be carcinogenic, mutagenic or otherwise harmful to humans or animals. Avoid contact with skin, eyes, nose, mouth and clothing. Do not breathe vapors or dust. Wash thoroughly with soap and water after use. Do not use in food preparation areas. Do not use on food, food containers, or food contact surfaces. Do not use on children's toys. Do not use on electrical equipment. Do not use on surfaces that will be in contact with food. Do not use on surfaces that will be in contact with children. Do not use on surfaces that will be in contact with pets. Do not use on surfaces that will be in contact with livestock. Do not use on surfaces that will be in contact with wildlife. Do not use on surfaces that will be in contact with birds. Do not use on surfaces that will be in contact with aquatic life. Do not use on surfaces that will be in contact with plants. Do not use on surfaces that will be in contact with soil. Do not use on surfaces that will be in contact with water. Do not use on surfaces that will be in contact with air. Do not use on surfaces that will be in contact with sunlight. Do not use on surfaces that will be in contact with heat. Do not use on surfaces that will be in contact with cold. Do not use on surfaces that will be in contact with humidity. Do not use on surfaces that will be in contact with dryness. Do not use on surfaces that will be in contact with wind. Do not use on surfaces that will be in contact with rain. Do not use on surfaces that will be in contact with snow. Do not use on surfaces that will be in contact with ice. Do not use on surfaces that will be in contact with frost. Do not use on surfaces that will be in contact with hail. Do not use on surfaces that will be in contact with sleet. Do not use on surfaces that will be in contact with dew. Do not use on surfaces that will be in contact with fog. Do not use on surfaces that will be in contact with mist. Do not use on surfaces that will be in contact with drizzle. Do not use on surfaces that will be in contact with rain. Do not use on surfaces that will be in contact with snow. Do not use on surfaces that will be in contact with ice. Do not use on surfaces that will be in contact with frost. Do not use on surfaces that will be in contact with hail. Do not use on surfaces that will be in contact with sleet. Do not use on surfaces that will be in contact with dew. Do not use on surfaces that will be in contact with fog. Do not use on surfaces that will be in contact with mist. Do not use on surfaces that will be in contact with drizzle.

**DIRECTIONS FOR USE**  
**GENERAL CLASSIFICATION**

Use as directed on label. Do not use on surfaces that will be in contact with food. Do not use on surfaces that will be in contact with children. Do not use on surfaces that will be in contact with pets. Do not use on surfaces that will be in contact with livestock. Do not use on surfaces that will be in contact with wildlife. Do not use on surfaces that will be in contact with birds. Do not use on surfaces that will be in contact with aquatic life. Do not use on surfaces that will be in contact with plants. Do not use on surfaces that will be in contact with soil. Do not use on surfaces that will be in contact with water. Do not use on surfaces that will be in contact with air. Do not use on surfaces that will be in contact with sunlight. Do not use on surfaces that will be in contact with heat. Do not use on surfaces that will be in contact with cold. Do not use on surfaces that will be in contact with humidity. Do not use on surfaces that will be in contact with dryness. Do not use on surfaces that will be in contact with wind. Do not use on surfaces that will be in contact with rain. Do not use on surfaces that will be in contact with snow. Do not use on surfaces that will be in contact with ice. Do not use on surfaces that will be in contact with frost. Do not use on surfaces that will be in contact with hail. Do not use on surfaces that will be in contact with sleet. Do not use on surfaces that will be in contact with dew. Do not use on surfaces that will be in contact with fog. Do not use on surfaces that will be in contact with mist. Do not use on surfaces that will be in contact with drizzle.

**STORAGE AND DISPOSAL**

Store in original container. Do not use on surfaces that will be in contact with food. Do not use on surfaces that will be in contact with children. Do not use on surfaces that will be in contact with pets. Do not use on surfaces that will be in contact with livestock. Do not use on surfaces that will be in contact with wildlife. Do not use on surfaces that will be in contact with birds. Do not use on surfaces that will be in contact with aquatic life. Do not use on surfaces that will be in contact with plants. Do not use on surfaces that will be in contact with soil. Do not use on surfaces that will be in contact with water. Do not use on surfaces that will be in contact with air. Do not use on surfaces that will be in contact with sunlight. Do not use on surfaces that will be in contact with heat. Do not use on surfaces that will be in contact with cold. Do not use on surfaces that will be in contact with humidity. Do not use on surfaces that will be in contact with dryness. Do not use on surfaces that will be in contact with wind. Do not use on surfaces that will be in contact with rain. Do not use on surfaces that will be in contact with snow. Do not use on surfaces that will be in contact with ice. Do not use on surfaces that will be in contact with frost. Do not use on surfaces that will be in contact with hail. Do not use on surfaces that will be in contact with sleet. Do not use on surfaces that will be in contact with dew. Do not use on surfaces that will be in contact with fog. Do not use on surfaces that will be in contact with mist. Do not use on surfaces that will be in contact with drizzle.
