

**DIRECTIONS**

**MOLD CONTROL ON WALLS, CEILINGS, ETC., IN FOOD PLANTS.** The surface may be cleaned with a solution of one ounce of **CROWN-DEC** to one gallon of water. The same dilution may be used as a spray solution for mold control. Do not spray on food.

**DISINFECTION OF BARBER SHOP AND BEAUTY PARLOR EQUIPMENT.** Clean thoroughly and soak combs, brushes, razors, etc. in a solution of five ounces of **CROWN-DEC** in one gallon of water. One tablespoon of sodium nitrite should be added to each gallon of solution as a corrosion inhibitor if metallic parts are to be treated.

**SANITIZING AND CLEANING EQUIPMENT IN FOOD PLANTS.** Clean and disinfect equipment with a solution of one ounce of **CROWN-DEC** with one gallon of water. After scrubbing thoroughly, rinse with a clean solution of **CROWN-DEC** diluted the same as above. Flush equipment with a clean water rinse before using. On porous surfaces difficult to clean, increase the dilution rate to five ounces of **CROWN-DEC** to one gallon of water.

**NON FLAMMABLE, NONVOLATILE, ODORLESS.** In use dilution. ~~SANITIZING ACID FORMULA, AMMONIUM CHLORIDE, OR OTHER METALS.~~

**CROWN-DEC** may be used for many other cleaning, deodorizing and sanitizing jobs. Proper dilutions are necessary for best results.

**DIRECTIONS**

**DO NOT MIX WITH SOAP OR ANIONIC DETERGENTS. CROWN-DEC IS AN EXCELLENT PRODUCT FOR GENERAL CLEANING, DISINFECTING, SANITIZING AND DEODORIZING ALL TYPES OF SURFACES.**

**DEODORIZING PUBLIC ROOMS AND AT HOME.** Clean, disinfect and deodorize with a solution of 2 1/2 ounces of **CROWN-DEC** to one gallon of water.

**DEODORIZING, SANITIZING, AND CLEANING IN HOSPITALS.** For disinfecting and cleaning walls, floors and other porous surfaces use 2 1/2 ounces of **CROWN-DEC** to one gallon of water. For porous surfaces or heavily soiled surfaces use a dilution rate of five ounces per gallon of water.

**SANITIZING OF GLASSWARE, SILVERWARE, DISHES, COOKING UTENSILS, ETC.** Rinse thoroughly and then immerse in a sanitizing and cleaning solution made by diluting one ounce of **CROWN-DEC** in one gallon of water. After cleaning, rinse and disinfect in clean warm water. Air dry to prevent water flow. This solution is effective in water containing up to 100 PPM hardness. Follow the recommendations of your health department.

**SANITIZING DAIRY EQUIPMENT.** Clean and sanitize with a solution made by diluting one ounce of **CROWN-DEC** with one gallon of water. Rinse with a clean solution of the above dilution. Milk cans and other equipment should be air dried.

**CAUTION.** **DEC** may cause skin irritation or damage to the eyes. Harmful if swallowed. Avoid contact with skin and eyes. Do not take internally. In case of contact, flush immediately with plenty of water. For eyes, get medical attention. Avoid contamination of food.
