

# DIRECTIONS FOR USE

## DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

This product should be applied as a coarse (large droplet) spray in spot treatment of localized surface areas only.

**Cockroaches, Ants, Silverfish, Spiders, Crickets, and Earwigs:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks, and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Pets driven out of hiding places should be sprayed directly. Spray ant trails, nets and points of entry.

**Brown Dog Ticks:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**Flies and Mosquitoes:** Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

EPA Reg. No. 1767-00

EPA Est. No. 1767-CT-1

Manufactured by The Parrott Chemical Company
