

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash immediately.

SCATTER-BAIT is a white powder, odorless, non-staining. Affects insects requiring long contact and kill. When properly applied it will kill the roach population within 7 to 10 days.

Apply liberally by scattering behind and under stove, refrigerator, dishwasher, sink, around water pipes, cracks, and crevices, behind and under cabinets, along walls, radiators, underneath drawers in cabinets, around garbage cans and other traps and points of entry where roaches frequent.

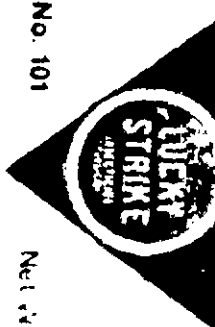

To use in a baited trap, cover a slice of fresh bread with 2 teaspoons of powder and place bread in a high place out of reach of children and pets. Wrap and throw container and bread immediately every 7 days.
