

#### DIRECTIONS

**MUNICIPAL CONTROL OF HOUSEFLIES AND MOSQUITOES**  
Mix 1 gallon Maldane with 40 gallons of water. With this solution treat all breeding areas such as garbage heaps, city dumps, sewage disposal areas, and livestock pens. Also recommended for alleyways, around yards and houses, and around buildings which house domestic animals.

**HOUSEFLIES AND MOSQUITOES** Mix 1 gallon of National Maldane to 40 gallons of water. Treat breeding areas, paying particular attention to garbage heaps, city dumps, sewage disposal areas, and livestock pens. Thoroughly

## CONCENTRATE

KILLS RESISTANT  
COCKROACHES AND TERMITES

NATIONAL CHEMSEARCH CORPORATION  
Research Laboratory and Plant  
2730 Carl Road, Irving, Texas  
Eastern Plant: Stouts Lane,  
Monmouth Junction, New Jersey  
Western Plant: 932 Kifer Road,  
Sunnyvale, California

Maldane should be mixed as follows:

**FOR FINISHED SPRAY**

Amount Finish Spray desired	Amount Maldane Liquid to use
160 gal.	4 gal.
80 gal.	2 gal.

**FOR COCKROACHES:** Mix 1 gallon Maldane to 13 gallons of water, apply as a coarse wet spray to sewer man-holes, around building foundations, baseboards, pipes, on garbage dumps and around garbage storage racks. Repeat treatment when necessary.

**FOR FOGGING AND MIST MACHINES:** Use 1 gallon of National Maldane to 50 gallons of water. Effective in thermal and mist generators.

To control insects such as certain species of aphids, caterpillars, leaf hoppers, leaf rollers, ants and wasps that attack shade trees and ornamental shrubs, dilute 1 part Maldane with 39 parts of water. Spray the foliage to the point of run-off using either a hydraulic or compressed air sprayer. Maldane leaves a residual surface. Repeat when necessary.

**CAUTION:** Harmful if inhaled, swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly. Store away from children or domestic animals. Avoid contamination of feed and foodstuffs. If swallowed get prompt medical attention. Do not apply or allow to drift to areas occupied by unprotected humans or beneficial animals.

**IF FLAMMABLE MIXTURE:** Keep away from heat and open flame.

**Fish and Wildlife Cautions:** This product is toxic to fish and wildlife. Keep out of any body of water.
