Eastern Plant—Stouts Lane,
Monmouth Junction, New Jersey
Western Plant—932 Kifer Road,
Sunnyvale, California

- Free Rinsing
- Prevents Lime Deposits
- Requires No Scrubbing
- Deodorizes and Disinfects

DIRECTIONS FOR USE

When using **NATIONAL GERMENE** on resilient surfaces, such as asphalt tile, vinyl tile, linoleum, rubber, plastic, or on sealed wood floors, add one part **NATIONAL GERMENE** to 30 parts of warm mopping water. If the floor is extremely dirty a stronger cleaning solution should be used—approximately one part of **GERMENE** to 10 parts of warm water. After the cleaner has loosened the dirt and soil, pick up the remainder with a mop or squeegee. If desired, the floor may be rinsed with clear water.

For hard surfaces such as marble, terrazzo, magnesite, and travertine, use one part of **NATIONAL GERMENE** to 25 parts of warm water.

Certain paint and lacquer finishes may be affected by the ingredients of **GERMENE**. Caution should be used in applying **GERMENE** to painted or lacquered surfaces.

CAUTION: Harmful if swallowed. Avoid prolonged skin contact. Do not get in eyes. Do not use near open flame or food stuffs.

GERMICIDE CLEANSER DEODORANT

SUNSHINE

GERMICIDE CLEANSER DEODORANT

GENERAL DISINFECTING:

Sun Shine is a concentrated general purpose disinfectant especially formulated for schools, hospitals, office buildings, and public institutions. Dilute 2 ounces of Sun Shine to every gallon of water to disinfect and deodorize floors, toilet rooms, urinals, garbage cans, food plant floors, hospital interiors, and kitchens. Sun Shine is highly effective against a wide spectrum of both gram-positive and gram-negative bacteria. It is effective against staphylococcus aureus. Not effective against Ps. aeruginosa.

SPRAYING:

Sun Shine may be sprayed in a solution of 2 ounces of Sun Shine to every gallon of water on surfaces that are impractical to mop. Sun Shine's fragrant aroma pleases the most particular people.

Rinse empty container thoroughly with water and discard it.

DISINFECTANT

REFRESHING CLEAN PLEASANT

PHENOL COEFFICIENT 10 A.O.A.C. METHOD

**KILLS MANY GRAM POSITIVE & GRAM NEGATIVE BACTERIA
EFFECTIVE AGAINST STAPHYLOCOCCUS AUREUS**

ACTIVE INGREDIENTS
