## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

## DIRECTIONS

### GENERAL DISINFECTING:

SUNSHINE is a concentrated general purpose disinfectant especially formulated for schools, hospitals, office buildings, and public institutions. Dilute 2 ounces of SUNSHINE to every gallon of water to disinfect and deodorize floors, toilet rooms, urinals, garbage cans, food plant floors, hospital interiors, and kitchens. SUNSHINE is highly effective against a wide spectrum of both gram-positive and gram-negative bacteria. It is... effective against *Staphylococcus aureus*. Not effective against *Ps. aeruginosa*.

**SPRAYING:**

SUNSHINE may be sprayed in a solution of 2 ounces of SUNSHINE to every gallon of water on surfaces that are impractical to mop. SUNSHINE's fragrant aroma pleases the most particular people.
