

CERTIFIED
APTREX

NOV 9 1967

NON-SELECTIVE WEED KILLER

176,127

Fast Acting on Broadleaf Plants
Kill all Vegetation for a Full Season or Longer
For use on non-crop Areas such as - Right of ways, Industrial Plants,
Tank Farms, Storage Areas and Parking Lots.

ACTIVE INGREDIENTS:

3-(p-chlorophenyl)-1, 1-Dimethylurea Trichloroacetate
*Isooctyl Ester of 2, 4-Dichlorophenoxyacetic Acid

INERT INGREDIENTS: - 92.60%

Heavy Aromatic Naphtha
Dodecyl Benzene Sulfonic Acid

* Equivalent to 0.70% 2, 4-Dichlorophenoxyacetic Acid

CAUTION: (18 pt tp) KEEP OUT OF REACH OF CHILDREN (12 pt tp)
(See right panel for additional precautions.)

LEFT PANEL

DIRECTIONS FOR USE: For treating 1000 square feet, under ordinary conditions, dilute 1 to 2 gallons of APTREX with sufficient water to give good coverage. For application - use a sprayer that will produce a coarse wet spray and that will apply the solution evenly over the entire area. For best results treat shortly before or at the time plant growth begins. Adequate control is possible when the vegetation is short or just after mowing. Thorough watering 24 hours after application will move the material to the root zone and speed up control. The effectiveness and length of time that control will last will depend on type of soil, amount of rain and other conditions.

NOTE: Do not apply, allow to drift or drain or flush equipment onto or near croplands, lawns, trees or other desirable plants or to areas where their roots may extend. DO NOT contaminate irrigation or domestic water supplies. DO NOT allow contact with fertilizers, insecticides, fungicides or seed. Application equipment should be thoroughly cleaned with a detergent and water to prevent corrosion. Equipment which has been used to apply this product should not be used for applying insecticides, fungicides, fertilizers or other agricultural chemicals as plant injury may result.

RIGHT PANEL

CAUTION:

HARMFUL IF SWALLOWED

IRRITATING TO SKIN AND EYES

Do not get on skin, in eye or on clothing. In case of contact, immediately wash with plenty of water. For eyes, flush with water for at least 15 minutes and seek medical attention. Vapor may irritate and may impair ability to see clearly.

Do not use empty container. Do not reuse in any way.
