Morning Glory	Yarrow

Either before or after application of Apollo 445, properly fertilize the lawn as directed on the label. The lawn will heat rapidly as the weeds die. In the bare areas where the weeds have died away, the soil must have been removed, the bare areas should be reseeded. Bare areas may be reseeded at a later date.

DIRECTIONS FOR USE

Mix 60 cc. of Apollo 445 with 2 to 4 gallons of water and spray on the lawn. Mix 1000 square feet. Apply to the lawn with the spray nozzle. Spray on the lawn every 4 weeks.
