KEEP OUT OF REACH OF CHILDREN

(See right panel for additional cautions).

EPA Reg. No. 1769-175

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

May be fatal if swallowed, inhaled or absorbed through the skin. Avoid breathing the spray mist and provide adequate ventilation of areas being sprayed. Do not get in eyes on skin or clothing. Wash thoroughly after using.

BEST AVAILABLE COPY

Avoid contamination of food, utensils and food preparation areas. Do not allow children to contact treated surfaces until surfaces are completely dry. Should illness occur, get prompt medical attention.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on the label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of the throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

IF INHALED: Remove the victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush the eyes with plenty of water. Call a physician immediately.

To Physician: Atropine sulfate is antidotal.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: KEEP CONTAINER CLOSED.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

BEST AVAILABLE COPY

CONTAINER DISPOSAL

METAL CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

PLASTIC CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of the smoke.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling

INDOOR APPLICATION: For Ants, Cockroaches, Crickets, Silverfish, Waterbugs, Scorpions, Spiders, Saw Toothed Grain Beetles: Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. For ants, spray trails and places where ants enter premises.

FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which food is held, processed, prepared or served. **FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY** - Including areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Service areas (when food is exposed and facility is in operation) also would be considered food areas.

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, where cockroaches, silverfish and waterbugs hide. Do not use this product in conduits, motor housings and electrical switch boxes.

Care should be taken to avoid depositing ISO-SPRAY solutions onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

INDOOR USE

BEST AVAILABLE COPY

Brown Dog Ticks: Spray sleeping quarters of pets around baseboards, window and door frames, wall cracks, and local areas on floor. Repeat when necessary. Fresh bedding should be placed in animal quarters after spraying. Do not treat animals.

RIGHT PANEL

OUTDOOR APPLICATION:

Houseflies: For fly control around buildings, apply at the rate of 1 gallon per 500 square feet or to runoff. Thoroughly treat areas where flies rest, paying particular attention to surfaces of screens, doors, window frames, foundations, garbage cans and patios where flies are a pest or enter.

USE HOUSEFLIES RATES FOR:

Ants, Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Mosquitoes, Sowbugs and Brown Dog Ticks: Treat infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios or other places where insects may enter. For ants, treat hills and runways. Repeat when necessary. Do not spray vegetation.
