KILLS

Ants	Brown Dog Ticks	Clover Mites
Crickets	Earwigs	Fleas (outdoors)
Flies (outdoors)	Millipedes	Mosquitoes (outdoors)
Sowbugs	Spiders	Silverfish
Roaches		

DI-SECT is a highly effective new formulation for use in and about industrial plants, municipal buildings, hospitals, schools and food processing plants. Provides rapid kill of the insects listed above including those resistant to certain chlorinated hydrocarbon and phosphate insecticides. This product stays on a treated surface and kills insects many weeks after the spray deposit has dried.

RESTRICTIONS: Do Not Apply to rugs, carpets, draperies, wallpaper or similar materials that may be stained. Do Not Use as a space spray. Do not allow children in treated areas until surfaces are dry.

DIRECTIONS FOR USE

INDOOR APPLICATION: For Ants, Cockroaches, Crickets, Silverfish, Waterbugs: Mix 1 part of DI-SECT to 3 parts of water. Spray this mixture into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. For ants, spray trails and places where ants enter premises.

FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which food is held, processed, prepared or served. FOOD AREAS - - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY - Including areas for receiving, storage, packing, canning, bottling, wrapping, boxing, preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrup, sugar areas (when food is exposed and facility is in operation) would be considered food areas.

Wall perimeter: Mix 3 parts of water. Apply as a coarse spray to cracks and crevices, [illegible] equipment capable of [illegible] Treat [illegible] points between [illegible] up [illegible] pipes, [illegible] and [illegible]

NOT INTENDED FOR HOUSEHOLD USE OR RESALE

Care should be taken to avoid depositing DI-SECT solutions onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

Brown Dog Ticks: Mix 1 part DI-SECT to 3 parts of water. Spray sleeping quarters of pets around baseboards, window and door frames, wall cracks, and local areas of floor. Repeat when necessary. Fresh bedding should be placed in animal quarters after spraying. Do not treat animals.

OUTDOOR APPLICATION: Houseflies: Mix 1 part of DI-SECT to 3 parts of water. For fly control apply with a coarse spray to runoff. Thoroughly treat breeding areas, paying particular attention to surfaces of screens, doors, window frames, foundations, garbage cans, and patios where flies are a pest or enter.

Ants, Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Mosquitoes, Spiders, Sowbugs and Brown Dog Ticks: Treat infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios or other places where insects may enter. For ants, treat hills and runways. Repeat when necessary. **Do not spray** vegetation.

WARNING: May be fatal if swallowed, inhaled or absorbed through the skin. Avoid breathing the spray mist and provide adequate ventilation of areas being sprayed. Do not get on skin, in eyes or on clothing. **Wash thoroughly** after using. Avoid contamination of food, utensils and food preparation areas. Should illness occur, get prompt medical attention.

To Physician: Atropine Sulfate is antidotal.

In case of prolonged exposure, wear natural rubber gloves, protective clothing, and goggles. In case of contact wash thoroughly with soap and water. Wash hands, arms and face with soap and water after handling and before eating or smoking. Wash all contaminated clothing with soap and hot water before reuse.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams or ponds.

Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Apply this product only as specified on this label.

[illegible] container. Return to drum reconditioner or dispose of by perforating or crushing and burying in a safe place away from water supplies.
