DI-SECT is a highly effective formulation for use in and about industrial plants, municipal buildings, hospitals, schools and food processing plants. Provides rapid kill of the insects listed above including those resistant to certain chlorinated hydrocarbon and phosphate insecticides. This product stays on a treated surface and kills insects many weeks after the spray deposit has dried.

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**

**WARNING:**

May be fatal if swallowed, inhaled, or absorbed through the skin. Do not breathe spray mist and provide adequate ventilation of areas being sprayed. Do not get in eyes, on skin or on clothing. Causes eye and skin irritation. Wash thoroughly after handling and before eating or smoking. Avoid contamination of food, utensils, and food preparation areas.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish and wildlife. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of waste. Do not apply when weather conditions favor drift from areas treated. Apply this pesticide only as specified on the label.

**PHYSICAL OR CHEMICAL HAZARD**

Do not use or store near heat or open flame.

**STATEMENT OF PRACTICAL TREATMENT:**

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

**IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water.

**IF IN EYES:** Flush eyes with plenty of water. Call a physician immediately.

**NOTE TO PHYSICIAN:** Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

**RIGHT PANEL**

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE: KEEP CONTAINER CLOSED.**

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law.

**BEST AVAILABLE COPY**

If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**NOT FOR RESALE**

**NOT FOR RESIDENTIAL USE AND STORAGE UNLESS APPLIED AND STORED BY SERVICE PERSONS.**

**DIRECTIONS FOR USE:**

It is a violation Federal Law to use this product in a manner inconsistent with its labeling.

**INDOOR APPLICATION:** For Ants, Cockroaches, Crickets, Silverfish, Waterbugs: Mix 1 part of DI-SECT to 3 parts of water. Spray this mixture into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. For ants, spray trails and places where ants enter premises.

**FOOD HANDLING ESTABLISHMENTS**-Places other than private residences in which food is held, processed, prepared or served.

**FOOD AREAS-APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT**

**ONLY**-Including areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Service areas (when food is exposed and facility is in operation also would be considered a food area).

Mix 1 part of DI-SECT with 3 parts of water. Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, where cockroaches, silverfish and waterbugs hide. Do not use this product in conduits, motor housings, and electrical switch boxes.

**RESTRICTIONS:** Do Not Apply to rugs, carpets, draperies, wallpaper or similar materials that may be stained. Do Not Use as a space spray. Do not allow children in treated areas until surfaces are dry.

Care should be taken to avoid depositing DI-SECT solutions onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.
