

5. During the first year of use, each disposal site must be inspected monthly and after storms to be sure that surface erosion is not taking place.

6. The entire disposal area, except for plowed or disked rangeland, must be fenced or otherwise secured to prevent entry and grazing by cattle during the time the area is being used as a disposal site for spent cattle dips and for a period of one year after the last application of spent dip

7. Food crops, other than corn, small grains, cotton, sorghum, and soybeans may not be grown on the disposal area. Cattle may not feed on or be fed corn ensilage or stover, forage or vines from these crops.

8. Should a disposal site be sold, or otherwise undergo a transfer of ownership during disposal operations, or within one year of the last application of spent cattle dip, the new owner must be notified of the potential presence of toxaphene and responsibilities attached.

All users are subject to the above described disposal requirements. In addition, users not exempted from the requirements of Subtitle C of the Resource Conservation and Recovery Act (RCRA) are subject to the additional requirements of the act. Users may select alternative disposal means so long as the alternative means fully comply with the requirements of the RCRA.

NOTE: Approved as a "permitted pesticide" by the Animal and Plant Health Inspection Service (APHIS) of the U. S. Department of Agriculture for official use in State-Federal cooperative programs for the eradication of scabies. It must be used according to APHIS Veterinary Services Regulations (Parts 72 and 73. Title 9. Code of Federal Regulations). Veterinary Services Memorandum Number 556.1 and supplements and Veterinary Services Memorandum Number 556.5.

NOTICE: Because Micro Flo Company has no control over the storage, handling, and conditions of use, which are of critical importance, Micro Flo makes no representation or warranty, either expressed or implied, for results due to misuse, improper handling or storage of this material. Nor does Micro Flo assume any responsibility for injury to persons, crops, animals, soil, or property arising out of the misuse, improper handling or storage of this material.
