

POWER PLUS Germicidal Food Plant Cleaner is recommended for cleaning and sanitizing food processing equipment in food storage and processing plants. It is free rinsing and effective against a wide spectrum of both gram positive and gram negative bacteria. It has a phenol coefficient of 13.0 against *Staphylococcus aureus* and 10.0 against *Salmonella typhosa*.

**DIRECTIONS:** For cleaning and disinfecting floors, walls, ceilings and other non food contact surfaces. Remove gross filth and heavy soil deposits from surfaces prior to application of the recommended solution. If deposits of dirt and debris are heavy, dilute POWER PLUS Germicidal Food Plant Cleaner 4 to 6 ounces per gallon of water. Apply this solution through a pressure sprayer to the surface to be cleaned. Heavy encrustations of soil may require agitation to remove. For light soils, use 2 ounces per gallon of water and follow procedure outlined above. After cleaning, a rinse with high pressure water may be desired.

**For Cleaning and Sanitizing Food Processing Equipment:** Clean and rinse equipment thoroughly. Then apply a solution of 4 ounces of POWER PLUS Germicidal Cleaner per 5 gallons of water by flooding the surface, mopping or wiping. No rinse required after this step.

## GERMICIDAL FOOD PLANT CLEANER

CLEANS — DISINFECTS — DEODORIZES

**ACTIVE INGREDIENTS:**

n Alkyl (60% C14, 30% C16, 5% C12, 5% C12)	1.60
Dimethyl Benzyl Ammonium Chlorides	1.60
n Alkyl (68% C12, 32% C14) Dimethyl Ethylbenzyl Ammonium Chlorides	1.60
Sodium Phosphate	1.30
Tetrapotassium ethylenediamine tetraacetate	1.10

**INERT INGREDIENTS:** 94.90

### DANGER

KEEP OUT OF REACH OF CHILDREN

See label panel for additional precautions

EPA Reg. No. 1769-235 AA

To Control Mold and Mildew: Dilute 4 ounces of POWER PLUS Germicidal Food Plant Cleaner per gallon of water. Apply to the walls and floors where the fungus grows such as proofing rooms in bakeries and cold storage rooms. If the infestation is heavy, pre-clean the area by using a solution of 4 to 6 ounces of POWER PLUS Germicidal Food Plant Cleaner per gallon of water to pressure wash or scrub surface with a stiff brush. Rinse all areas thoroughly and then apply a dilution of 4 ounces per gallon of water by spraying or mopping on to the pre-cleaned surface. Repeat application in 7 days or as necessary to maintain control or when new growth appears.

**NOTE:** Do not reuse empty container. Return to drum conditioner or destroy by perforating and burying in a safe place.

**DANGER:** Causes eye damage. Causes skin irritation. Do not get in the eyes, on skin or clothing. Protect eyes when handling the concentrated product. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** If swallowed, drink large quantities of milk, raw egg white, potato solution, or if these are not available, drink large quantities of water. Call a physician.

**NOTICE:** KEEP FROM FREEZING. If the product is stored in cold or freezing weather, it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.
