

For industrial and institutional use around doors, window frames and baseboards for spot treatment in and around schools, hospitals, municipal buildings, industrial plants and offices, apartment buildings, kennels and rest homes.

DIRECTIONS FOR USE

INDOOR APPLICATION: Ants, cockroaches, crickets, spiders, silverfish and earwigs — Spray into cracks and crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. For ants, spray trails and places where ants enter premises. Do not treat foodstuff or house plants.

Do not allow children to contact treated areas until the surfaces are completely dry.

Brown Dog Ticks—Spray sleeping quarters of pets around baseboards, window and door frames, wall cracks and local area of floor. Repeat as necessary. Fresh bedding should be placed in animal quarters after spraying. **DO NOT TREAT ANIMALS.**

APPLICATION WITHIN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS — Places other than private residences in which exposed food is held, processed, prepared or served. **FOOD AREAS — APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY.** Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would be considered a food area. Apply a small amount of CP-750 by spraying using an injection tube or insertion tube directly into cracks and crevices such as expansion joints between different elements of construc-

Kills Cockroaches, Ants, Spiders, Crickets, Earwigs, Brown Dog Ticks, Silverfish and also for exterior control of flies and mosquitoes.

ACTIVE INGREDIENTS

*Chlorpyrifos [0,0-diethyl O-(3,5,6-trichloro-2-pyridyl) Phosphorothioate]	0.50%
2-2-dichlorovinyl dimethyl phosphate	0.46%
Related Compounds	0.04%
Aromatic Petroleum Derivative Solvent	10.00%
Deodorized Kerosene	64.68%

INERT INGREDIENTS: 24.32%

*U. S. Patent No. 3,244,586

WARNING:
KEEP OUT OF REACH OF CHILDREN

NET WEIGHT 14 oz.

tion or between equipment bases and the different elements of construction or equipment bases and the floor, wall voids, motor housings, junction boxes or switch boxes, conduits or hollow equipment legs where ants, cockroaches, spiders and silverfish hide. Prior to application, de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in the "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE PROHIBITED.

OUTDOOR APPLICATION: Ants, crickets, earwigs, flies and mosquitoes — Treat the outside surfaces of screens, doors, window frames, foundations, patios or other places where insects may enter. For ants treat hills and runways. Repeat when necessary. Do not spray vegetation.

WARNING: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing the spray mist and provide adequate ventilation of the area being sprayed. Do not take internally. Do not get on the skin or in eyes. Wash thoroughly after using. Flush contaminated eyes with plenty of water and get prompt medical attention. **NOTE TO PHYSICIAN:** Chlorpyrifos and DDVP are cholinesterase inhibitors. Treat symptomatically. Atropine is antidotal.

SPRAY ONLY ON SURFACES. DO NOT USE AS A SPACE SPRAY!

RESTRICTIONS: Do not apply to drapes, wallpaper, carpets, rugs or similar materials that may be stained. Avoid excessive wetting of rubber, plastics, and asphalt surfaces such as tiles and floor coverings.

WARNING: CONTENTS UNDER PRESSURE. Do not puncture. Do not use or store near heat or open flame. Exposure to temperature exceeding 130°F. may cause the container to burst. Never throw container into fire or incinerator.

For industrial and institutional use around doors, window frames and baseboards for spot treatment in and around schools, hospitals, municipal buildings, industrial plants and offices, apartment buildings, kennels and rest homes.
