

MAY 28 1991

Mr. George Zimmerman
NCH Corporation
2727 Chemsearch Blvd.
Irving, TX 75062

Dear Mr. Zimmerman:

Subject: Label Revision
Armada II
EPA Registration Number 1769-316
Submission dated January 24, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records.

1. Remove that statement "Contains Aliphatic Petroleum Hydrocarbons" and replace this with the statement "Contains petroleum distillates".
2. Under the FOOD HANDLING AREA subsection, change the statement to read ".....wash all equipment, benches, shelving, etc., with an effecting cleaning compound and follow with a potable water rinse. In the home, all food processing surfaces and utensils should be covered or removed during.....".
3. Under the PHYSICAL HAZARDS subsection, expand the sentence to read "Do not puncture or incinerate container."

It is understood that the use of the compound Methylene Chloride as a component in the product formulation is no longer consistent with the terms of registration of this pesticide.

Sincerely,

Richard F. Mountfort
Product Manager Team 10
Insecticide-Rodenticide Branch
Registration Division (H7505C)

NATIONAL CHEMSEARCH
ARMADA II

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2.12. Active to Inert Change in Status.

TOTAL RELEASE INSECT AEROSOL

ACTIVE INGREDIENTS

- Pyrethrins 0.50%
- * Piperonyl butoxide, technical 1.25%
- ** N-Octyl bicycloheptene dicarboximide 1.25%

*** INERT INGREDIENTS 97.00% ✓

TOTAL 100.00%

Equivalent to 1.00% (butylcarbityl) (2-propylpiperonyl) ether and 0.25% related compounds. EPA Reg. No. 1769-316, Insecticide Synergist
Contains Aliphatic Petroleum Hydrocarbons

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panel for Additional Precautionary Statements

"Not for resale or residential use and storage unless applied and stored by service persons".

EPA Reg. No. 1769-316
Net Weight: 11 oz/312 grams

FOR USE IN BAKERIES, FOOD PLANTS, RESTAURANTS, SCHOOLS, HOTELS, MOTELS, OFFICE BUILDINGS, HOSPITALS AND FOOD HANDLING AREAS.

TOTAL RELEASE DIRECTIONS

Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment, and ventilate thoroughly before reentry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, holding the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

ACCEPTED
With COMMENTS
In EPA Letter Dated
MAY 28 1991
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 1769-316

To Kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with a registered tick control product prior to re-entry. Repeat as necessary to bring infestation under control.

EPA Est. No. 4141-TX-1

Manufactured by:

Irving, TX 75062

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. If Swallowed: do not induce vomiting. Call a physician immediately.

FOOD HANDLING AREA

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After spraying in bakeries, and other food processing plants, wash all equipment, benches, shelving, etc., where exposed food will be handled, with potable water. In the home, all food processing surfaces and utensils should be covered or removed during treatment, or thoroughly washed before use. Remove pets, birds, and cover fish aquariums before spraying.

*each cleaning
followed by
potable water
rinse.*

PHYSICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F/54.4°C may cause bursting. Never throw container into fire or incinerator.

*or incinerate
container*

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
