

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INDOOR PESTS: For spot application in and around public municipal buildings, schools, motels, hotels, non-food areas of food handling establishments, hospitals and health care institutions.

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains (sinks), entries and vestibules, offices, locker rooms, machine rooms, bathrooms, garages, mop closets and storage (after cleaning or disinfecting).

To control cockroaches (including strains resistant to other types of insecticides), ants, crickets, spiders, silverfish, and beetles. A second application may be required to control very heavy infestations. Spot application apply to localized areas where these pests are found or normally occur, including dark corners of rooms and closets, along baseboards, around windows and doors, under tables, chairs and sinks and around water pipes, and other fixtures.

NOTE: A period of 4 to 7 days is normally required for maximum effect on cockroaches.

FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which prepared food is held, processed, prepared or served.

FOOD AREAS—APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY: Includes areas of receiving, storage, packing, canning, bottling, wrapping, boxing, preparing, edible waste storage and enclosed processing systems (ovens, driers, edible oil, syrups). Serving areas when food is displayed and facility is in operation are not considered food areas. A second application may be required for very heavy infestations. Apply in small amounts directly into cracks and crevices, between different elements of construction, between and behind equipment (sinks, stoves, refrigerators, freezers) where cockroaches, ants, crickets, silverfish, termites and spiders hide. An extension nozzle may be used to gain access to difficult-to-reach areas. Do not apply this product in conduits, meter housings, junction and switch boxes or other electrical equipment because of possible shock hazard.

NOT FOR RESALE OR RESIDENTIAL USE AND STORAGE UNLESS APPLIED AND STORED BY SERVICE PERSONS.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING: Keep out of reach of children. May be fatal if swallowed, inhaled or absorbed through skin. Do not breathe vapors or spray mist in eyes, on skin, or on clothing. Wash contaminated clothing with soap and water. Wear a pesticide respirator jointly approved by the Mining, Enforcement and Safety Administration and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR Part 11.

WARNING: (Pests indoors): For Spot Application Only. Do not use in poultry houses or other animal buildings. Do not allow spray to contact food, feedstuffs and water supplies. Thoroughly wash dishes and food handling utensils if they become contaminated. Do not allow children or pets to contact treated surfaces until surfaces are dry. Remove pets and cover fish bowls before spraying.

CAUTION: Do not spray into the air. Do not get on glass or aluminum surfaces. National Chenssearch AEROSOL PAINT-SECT may cause surfaces freshly painted with lacquers, enamels, or oil base paints to blister unless these coatings are completely cured. If in doubt, treat a small, inconspicuous area. If the treated area does not raise or blister in 15 minutes, then proceed.

WARNING: Read label before using. If product is swallowed, get prompt medical treatment from physician. If it gets on skin or clothing, wash with soap and water. If it gets in eyes, flush with plenty of water.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal. Do not use or store in or near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F/54°C may cause bursting.
PESTICIDE DISPOSAL: Wrap container and put in trash collection.

STATEMENT OF PRACTICAL TREATMENT
IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible, vomit. Should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.
IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.
IF IN EYES: Flush eyes with plenty of water. Call a physician immediately.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 1769-122" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
