

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

1769-370

Date of Issuance:

SEP - 9 1997

Term of Issuance:

Conditional

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Name of Pesticide Product:

NCH
Corporation P-O-W
Plus

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

NCH Corporation
2727 Chemsearch Blvd.
Irving, Texas 75062

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phase "EPA Registration No. 1769-370".

b. On the front panel delete "No Faster Knockdown Available" and "Instant Kill" words or phrases implying that a product possess unique characteristics and/or false or misleading comparisons to other pesticides are unacceptable. Although the combination of active ingredients affords quick knockdown on contact we are not sure that it "it kills instantly".

EPA Reg. No. 1769-370

c. Under Directions For use change "federal law" to "Federal law".

d. Under Precautionary Statement change "Not for use in USDA meat and poultry plant" to "Not for use in federally inspected meat and poultry plants".

e. We note that the product is in Child Resistant Packaging (CRP). Thus the product must meet the standards for CRP stated in CFR 157.32 and you must certify to this effect in accordance with CFR 157.34. Please submit the appropriate certification. Also note recent changes and compliance schedule for CRP in PR Notice 86-2.

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosures

P-O-W Plus

- * Contains Synergist Piperonyl Butoxide, Permethrin, and Tetramethrin
- * Quick Kill
- * Kills Fast
- * Kills Wasps and Hornets on Contact
- * Kills with Residual Action as Wasps and Hornets Return to the Nest
- * Jet Spray - Will Reach Nests up to 20 feet above Ground
- * Sprays up to 20 feet
- * Kills the Entire Nest
- * Kills Nest and Insects with Residual Action
- * Kills Wasps, Hornets and Yellow Jackets - Triple Action
- * Drops Wasps, Hornets and Yellow Jackets Instantly
- * Gives Knockdown and Kill of Wasps, Hornets and Yellow Jackets
- * Electrically Non-Conducting
- * Dielectric Breakdown Voltage of 47,300 Volts
- * Can be used Both Indoors (Attics and other Places Where Nests are Built) and Outdoors on Wasp and Hornet Nests
- * Contains no CFC's or Other Ozone Depleting Substances. Regulations Prohibit CFC Propellant in Aerosols.
- * No Faster Knockdown Available
- * Instant Kill
- * Instant Knockdown
- * Prevents Nesting
- * Synergized Triple Action Formula
- * Acts as a Barrier that Prevents Insects from Entering the Home

CAUTION**

See elsewhere on the label for additional precautionary language

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Read the entire label.

For the best results, spray in the early morning or late evening when insect activity is minimal. Stand a safe distance from the nest and not directly underneath. (Remove protective cap.) Hold can upright and point spray opening toward the nest with the wind at your back. Spray until the nest is thoroughly saturated to kill the entire nest population. The residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets, and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects may enter such as outside plumbing, faucets, etc., and cracks or crevices in foundations as well as along sills and ledges.

Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in a cool, dry area away from children.

Container Disposal: Replace cap, wrap container in several layers of newspaper and discard in the trash. Do not incinerate or puncture. Can may be disposed of with other recyclables where local law permits.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in USDA meat and poultry plants.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.
