

P-O-W Plus**ACTIVE INGREDIENTS**

Tetramethrin*	0.10%
Permethrin**	0.25%
Piperonyl Butoxide, Technical***	0.50%
OTHER INGREDIENTS+	99.15%
TOTAL	100.00%

*1-cyclohexene-1,2-dicarboximidomethyl 2,2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate.

** (3-phenoxyphenyl)methyl (±) cis/trans 3-(2,2-dichloroethenyl)2,2-dimethylcyclopropanecarboxylate. Cis/trans ratio: min. 35% (±) cis and max. 65% (±) trans.

***Equivalent to min. 0.4% (butylcarbityl) (6-propylpiperonyl) ether and 0.1% related compounds:

+Contains Petroleum Distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION

EPA REG. NO. 1769-370

EPA EST. NO. 4140-TX-1

See elsewhere on the label for additional precautionary language

Net Weight: 14 ounces/400 grams

~~Contains Synergist Piperonyl Butoxide, Permethrin, and Tetramethrin~~

~~Quick Kill~~

~~Kills Fast~~

~~Kills Wasps and Hornets on Contact~~

- Kills with Residual Action as Wasps and Hornets Return to the Nest

~~Jet Spray - Will Reach Nests up to 20 Feet Above Ground~~

- Sprays up to 20 feet

- Kills the Entire Nest

~~Kills Nest and Insects with Residual Action~~

~~Kills Wasps, Hornets and Yellow Jackets - Triple Action~~

- Drops Wasps, Hornets and Yellow Jackets Instantly

~~Gives Knockdown and Kill of Wasps, Hornets and Yellow Jackets~~

- Electrically Non-Conducting
- Dielectric Breakdown Voltage of 47,300 Volts
- Can be used Both Indoors (Attics and other Places Where Nests are Built) and Outdoors on Wasps and Hornets Nests
- Contains no CFC's or Other Ozone Depleting Substances. Federal Regulations Prohibit CFC Propellant in Aerosols.

~~Instant Knockdown~~

~~Prevents Nesting~~

~~Synergized Triple Action Formula~~

~~Acts as a Barrier that Prevents Insects from Entering the Home~~

ACCEPTED

MAR 20 2000

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, the pesticide registered under 1769-370

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read the entire label.

For the best results, spray in the early morning or late evening when insect activity is minimal. Stand a safe distance from the nest and not directly underneath. (Remove protective cap.) Hold can upright and point spray opening toward the nest with the wind at your back.

For optimum performance in overhead treatments, align the actuator opening directly opposite the mark on the valve cup. When treating in a downward direction, align the actuator with the mark on the valve cup.

Spray until the nest is thoroughly saturated to kill the entire nest population. The residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets, and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects may enter such as outside plumbing, faucets; etc., and cracks or crevices in foundations as well as along sills and ledges.

Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in a cool, dry area away from children.

Container Disposal: Do not incinerate or puncture. This container is made with at least 25% recycled steel and may itself be recycled in the small but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. Check for aerosol can recycling in your area. If recycling is not available, replace the cap, wrap the container in several layers of newspaper and discard in the trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in federally inspected meat and poultry plants.

FIRST AID

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.

See the Material Safety Data Sheet for additional precautions.
For medical and environmental emergencies, call 972-438-1381.
