U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg.  
Number:  
1769-372

Date of Issuance:  
OCT 20 2003

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

(under FIFRA, as amended)

Term of Issuance:  
Conditional

Name of Pesticide Product: Unit  
Dose Dust

Name and Address of Registrant (include ZIP Code):

NCH Corporation  
2727 Chemsearch Blvd.  
Irving, TX 75062

Note: Any change in the information in connection with this registration must be reported to the Agency. Changes to the label in commerce. In any case, the registrant must obtain approval from the Agency before making any such changes.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/re-registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No.1769-372".
  - b. The net contents statement must be in terms of weight expressed as avoirdupois pounds and ounces. In addition the net contents may be expressed in metric units.
  - c. If in the future, the Dust Applicator is sold under a specific brand name, you must notify the Agency of that fact via notification.

Signature of Approving Official:

Linda Arrington

Date:

OCT 20 2003

d. Revise the container disposal statement in accordance with PR Notice 2001-6.

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Linda Arrington  
Acting Product Manager 10  
Insecticide Branch  
Registration Division (7505C)

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- **For Commercial, Industrial, and Institutional Use Only**
- **Not Intended for Homeowner Use**
- **Intended for sale and use in the following states: Florida, Illinois, Louisiana, Mississippi, Tennessee, and Texas**

**DO NOT REMOVE UNIT DOSAGES FROM CONTAINER UNTIL READY TO APPLY.**

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Nonfood/non-feed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

**DO NOT APPLY WHERE INDIVIDUALS (ESPECIALLY CHILDREN) AND/OR PETS ARE LIKELY TO COME IN CONTACT WITH THE PESTICIDE OR RESIDUE.**

For use in and around homes, institutions, hospitals, office buildings, hotels, motels, theaters, schools, warehouses, truck trailers, barns, industrial facilities and railroad cars.

For use with the Dust Applicator (sold separately). Follow all operation instructions provided by the application equipment manufacturer at the time of purchase. Unit dose will be applied at the proper application rate.

**TO CONTROL BEES, WASPS, HORNETS AND YELLOW JACKETS**

Stand at a safe distance from the nest to be treated. To prevent dying insects, nest or pesticide from falling on skin and clothing, do not stand directly under the nest being treated. Apply at periods of low activity, typically early morning or evening.

Insert unit doses into Dust Applicator. While standing up to 30 feet from the nest being treated, with the wind at your back, apply unit dosage (up to 3 capsules, depending on the size of the nest). Check the nest one week after treatment. If there is no insect activity, remove the nest. One application is sufficient for most nests, however if insect activity continues, a second application may be necessary.

For use in inaccessible areas such as attic crawl spaces, wall voids, warehouse bins, etc., insert unit dosages into Dust Applicator. Apply unit dosage to the nest (up to 3 capsules per nest, depending on the size of nests). The total number of capsules depends on the size of the area being treated. Repeat treatment in one week if insect activity continues.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in original sealed container in a cool, dry place inaccessible to children and pets. Keep away from moisture.

**Pesticide Disposal:** Pesticide that can not be used according to label instructions must be disposed of at or by an approved waste disposal facility.

**Container Disposal:** Do not reuse empty containers. Discard container in trash.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**
