

**For Food Utensils, Glassware, Food  
Processing Equipment and Drink  
Dispensary Sanitation**

**DESCRIPTION:** LO-BAC-10 is more than just a restaurant sanitizer. It is a formulated germicide that will disinfect and deodorize. It is formulated with water softeners and detergents which add to its performance in all types of waters.

The color LO-BAC-10 imparts to the sanitizing solution is indication that the sanitizer has been added.

**RESTAURANT AND DRINK DISPENSARIES:** Wash utensils, dishes and glassware in water containing a good detergent; rinse in clear water. Then immerse for two minutes in LO-BAC-10 solution of 1 ounce to 4 gallons of water, hot or cold. Allow to air-dry. Use no towels. (1 ounce to 4 gallons obtains 200 ppm.) Rinse with potable water after treatment.

LO-BAC-10 solution of 1 ounce to 1 gallon water should be used to clean counters, food shelves, tables, etc., as a detergent and sanitizer. Rinse with potable water after treatment.

Do not use LO-BAC-10 in the same tank with soaps or synthetics.

**A GUARANTEED PRODUCT  
from GRIFFIN CHEMISTRY**

Reorder  
from:

The labels will be changed to read  
LOBACTEN in place of the word LO-BAC-10  
wherever it appears on the labels.
