

Griffin's FORMULA-56 SANITIZER is a super-concentrate to replace the bulky gallon containers in hotels, schools, and restaurants.

This product fulfills the criteria of Appendix F of the grade "A" Pasteurized Milk Ordinance, 1965 Recommendations of the U.S. Public Health Service in waters up to 500 ppm (32 grains per gallon of hardness calculated as CaCO₃ when tested by the AOAC Germicidal and Detergent Sanitizers Official Method.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting, drink large quantities of fluid and call a physician immediately.
 "Note To Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed."

A GUARANTEED PRODUCT
 from GRIFFIN CHEMISTRY

FORMULA-56
SANITIZER

(Lo-Bac Super-Concentrate)

ACTIVE INGREDIENTS
 n-alkyl (C14, C12, C16) Dimethyl Benzyl Ammonium Chlorides, cetyl Alcohol, Isopropanol 73%
