

# Herculite V<sup>®</sup>

## Concentrated Disinfectant Detergent

Pseudomonacidal, Staphylocidal, Fungicidal

### USE DIRECTIONS

Use at 2 ounces per gallon. This product will be effective against *Pseudomonas aeruginosa* PDR-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. At this level, the product is fungicidal against pathogenic fungi.

Herculite V is a powerful disinfectant effective against the following organisms using AOAC use dilution test methods. Use dilution 2 oz. per gallon of water against *Staphylococcus Aureus*, *Pseudomonas Aeruginosa*, *Salmonella Choleraesuis*, *Trichophyton Interdigitale*.

For best results, use Herculite V with a cloth or mop and apply to walls, floors and other hard surfaces.

If used for sanitization of food equipment or food contact items, limit the level of active quaternary to 200 ppm. (2.8 ounces per 5 gallons). NO RINSE REQUIRED.

For heavy soil or organic matter, a precleaning step is recommended.
