## insect killer

**CAUTION**  
**KEEP OUT OF REACH OF CHILDREN**

see side panel for other cautions

**DEADLY TO FLIES, ROACHES,  
MOTHS, MOSQUITOS, ANTS**

EPA Reg. No. 1783-63

**DIRECTIONS:** To spray: Remove protective cap. Hold dispenser upright and spray away from person. Always hold dispenser three feet from all surfaces. Do not remain in enclosed treated areas. Ventilate the enclosed area after treatment is completed.

**FLYING INSECTS:** Flies, mosquitoes — direct spray toward center of room in sweeping circular motion. Rooms should be thoroughly misted to envelop insects present, then kept closed for 10-15 minutes. Sweep up and destroy fallen insects. Repeat as required.

**WASP, BEEHIVES:** Double above dosage.

**MOTHS:** Thoroughly spray interior surfaces of storage containers and all articles to be protected paying particular attention to seams and folds. Articles to be treated should be clean. Repeat monthly.

**OUT-OF-DOORS:** For temporary control of Mosquitoes, Flies and Gnats spray area to be occupied. Direct mist along ground bushes and other places sheltering insects.

**CRAWLING INSECTS: ROACHES, SILVERFISH, WATER BUGS, FLEAS, ANTS:** Remove rodents before spraying. ~~Now spray~~ spray directly at insects where possible. Spray 10 to 12 seconds. Also spray into cracks and crevices, especially behind sink, stove cabinets, refrigerators and damp dark places for 15 to 20 seconds. Spray 45 or 60 seconds for average size room. Repeat as necessary. Flies: Treat rugs, floors and animal quarters. Repeat as necessary. Gnats: Spray trails. When finished close room and leave for 15 minutes. Repeat as necessary. Avoid direct spraying of foods.

**BEDDING:** Spray thoroughly the dismantled bed springs, mattress and frame giving special attention to all seams and cracks in the bed. Also spray cracks in floors, baseboards and walls of room. Repeat as necessary.

**CAUTION:** Remove bird cages and fish bowls from room before spraying. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

**WARNING: CONTENTS UNDER PRESSURE. DO NOT PUNCTURE. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. EXPOSURE TO TEMPERATURES ABOVE 130°F MAY CAUSE BURSTING. NEVER THROW CONTAINER INTO FIRE OR INCINERATOR.**
