NORTH COAST
6300 17th Ave South

use 4 mg/kg of body weight of a 20 kg child, and apply to walls, floors, and other surfaces. This is based on the fact that the concentration of the active ingredient in the spray is 0.0001% (0.0001 g/l) and the surface area of the room is 100 m².

[illegible]

Guaranteed	Minimum
500,000	100,000
1,000,000	200,000

AT-TAK is a highly portable and distributed design for keeping up those who are using the tool and its support. When used as directed, AT-TAK will be able to assist in the development of a single simple application. When used for other purposes, it will allow the user to do so on the left side pane. Notes are included for the developer's reference.

the 1990s, the number of people in the United States who are aged 65 and older has increased by 25% (U.S. Census Bureau, 1997). The number of people aged 65 and older is projected to increase by 50% by the year 2020 (U.S. Census Bureau, 1997). The number of people aged 65 and older is projected to increase by 50% by the year 2020 (U.S. Census Bureau, 1997). The number of people aged 65 and older is projected to increase by 50% by the year 2020 (U.S. Census Bureau, 1997).

Keep Out of Reach of Children — This product contains chemicals known to cause cancer, birth defects or other reproductive harm.

• **Rinse empty container thoroughly with water and discard it.**
