**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the Labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following conditions apply to the registration of this product in accordance with the Act, provided that you:

1. Submit and/or file all data required for registration/ reregistration of your product under FIFRA sec. 2(b)(1)(A) and sec. 2(b)(1)(B) when the Agency requires all registrants of similar products to submit such data.
2. Affix the phrase, "EPA Registration No. 1812-348" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-7 Enclosure for further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(a). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Inert Ingredients . . . . . 99.50%

Total . . . . . 100.00%

DO NOT ALLOW CHILDREN OR PETS TO PLAY WITH THE BAITS.

Volcano Ant Baits can be used anywhere ants are a problem.

Effective Against:

Argentine Ants  
Pharaoh Ants

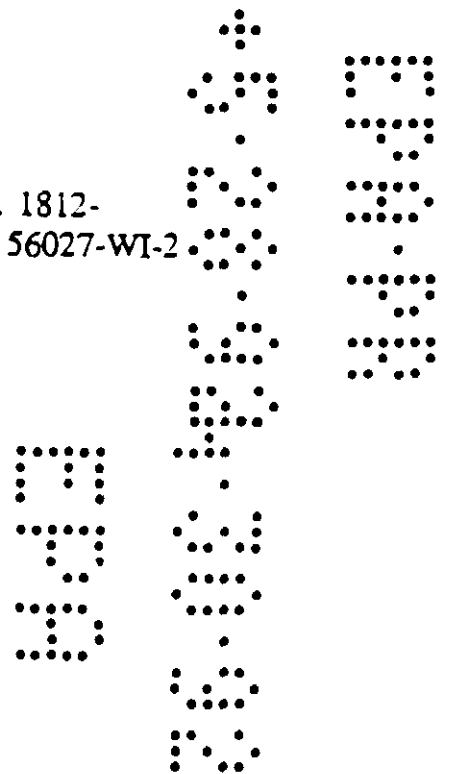

Cornfield Ants  
Variety of Household Ants

32 Child Resistant Baits

Griffin Corporation  
Valdosta, GA 31601

Net Weight 2.24 oz.

EPA Reg. No. 1812-  
EPA Est. No. 56027-WI-2

ACCEPTED  
with COMMENTS  
in EPA Letter dated

DEC 02 1992

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

1812-348

For commercial, industrial and residential use including: food processing plants, eating establishments, food marketing-storage-distribution, hospitals, nursing homes, schools, office buildings, apartments, laundries, buses, aircraft, boats, museums and zoos.

Ants are attracted to the bait in Volcano Ant Baits. The bait food is carried back to the nest to kill the queen and destroy the entire colony.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Break Volcano Ant Baits apart from the plastic frame before placement.

Place baits by ant trails or close to areas where ants are present, even on food preparation surfaces or next to food. Do not place baits on food preparation surfaces when food is being handled or on utensils that are used for food preparation. Also place adjacent to walls, electrical lines, potted plants, waste receptacles, sensitive electronic equipment, inside drop ceilings and wall voids or anywhere ant problems occur. To apply baits to vertical surfaces use the enclosed stickers.

Do not use residual sprays with or near Volcano Ant Baits.

Ants will begin to feed - population reduction and less activity can be expected in about a week.

### FOR EFFECTIVE CONTROL

Use 3-4 baits for the average size room

Use 6-8 baits for heavy infestations.

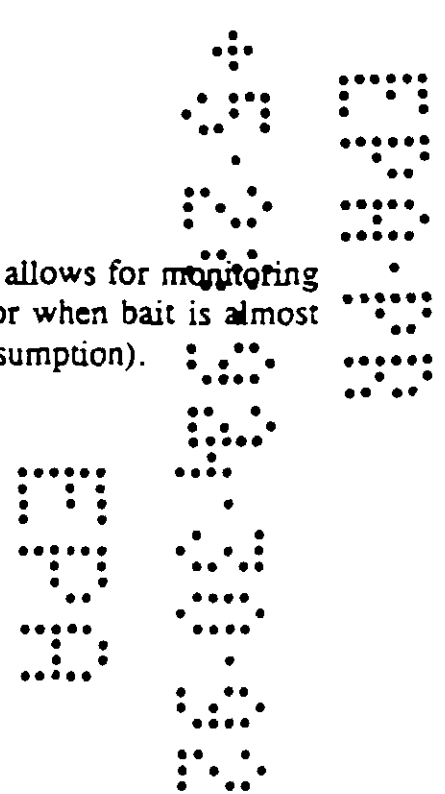

Bait stations are designed to be visually inspected with a flashlight. This allows for monitoring and timely replacement. Replacement is recommended after 3 months or when bait is almost entirely consumed (do not risk loss of control by allowing complete consumption).

Volcano Ant Baits are packaged in a Child Resistant Container.

### STORAGE AND DISPOSAL STATEMENTS

STORAGE: Store in a cool dry area inaccessible to children.

DISPOSAL: Wrap container and put in trash collection.

ADDITIONAL LISTED USE SITES FOR Volcano Ant Baits

Greenhouse (Commercial), Household: closets, basements, attics, recreation rooms, kitchens, bathrooms, dining rooms, pantry and food storage shelving.

Transportation Facilities: Trucks and trailers, containerized units, railroad cars, recreational vehicles, shipping containers.
