Harmful if absorbed through skin. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.

KILLS ROACHES FOR UP TO THREE MONTHS

Indoor Roach Bait contains the patented insecticide, Sulfluramid, plus a specially formulated bait to kill and keep killing roaches nonstop. Indoor Roach Baits are so advanced they kill roaches where they breed, ridding your home of roaches for up to three months. Child resistant Indoor Roach Baits may be placed anywhere you've seen roaches, even on kitchen countertops or next to food. Indoor Roach Baits are guaranteed to work for even severe roach infestations.

For effective cockroach control, you must use all 6 bait stations at one time and replace every three months.

SATISFACTION GUARANTEED: If Indoor Roach Bait does not provide effective roach control, return all 6 baits in this box for a full refund of purchase price.

FOR HOUSEHOLD USE ONLY
DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For thorough roach control, use all 6 baits at one time. To keep roaches from returning, replace all baits every three months.

1. Remove all 6 bait stations from the plastic frame.
2. Place at least 10 baits in the kitchen and 2 in each bathroom. For LARGER KITCHENS OR PARTICULARLY HEAVY INFESTATIONS, use additional baits and place 12 – 15 stations in the kitchen and 2 – 4 in each bathroom. Always place stations where you have seen roaches. If you see roaches in other areas such as the bedroom or utility room, use additional baits.
3. For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. You can even place Indoor Roach Baits on kitchen countertops and next to food.
4. Baits work best on horizontal surfaces touching corners and walls. To place stations on vertical surfaces, use the enclosed stickers.
5. Roaches will begin eating the baits immediately, and you should expect to see fewer roaches within days.
6. To keep roaches from reappearing, replace all bait stations every 3 months.

STORAGE AND DISPOSAL STATEMENTS

STORAGE: Store in an area inaccessible to children
DISPOSAL: Wrap containers and put in trash collection
