KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Solvent presents aspiration hazard.

See Side/Back Panel for Additional Precautions and Directions for Use.

Griffin L.L.C.
Valdosta, GA 31601

EPA Reg. No. 1812-394
EPA Est. No.

Net Weight 10 oz.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)
CAUTION**

Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling.

NOTE: Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. **INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING THE CONTENTS MAY BE HARMFUL OR FATAL.**

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not apply directly to water.

PHYSICAL OR CHEMICAL HAZARDS

Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Use only with adequate ventilation.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry place.

DISPOSAL: ~~Wrap empty container and put in trash.~~ Do not puncture or incinerate. ~~Do not reuse empty container.~~ **If Empty:** Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

GENERAL INFORMATION

- ◆ Spin Out Spray is a root growth regulator that acts as a root pruning agent to control root spiraling and promote the development of a fibrous root system. Spin Out Spray treated plastic, clay, wood, concrete or cellulose plant containers can be used to control root growth on container-grown trees, shrubs, bedding plants and house plants at any stage of plant development from seedlings to large container-grown trees.
- ◆ Spin Out Spray can also be sprayed over wounds and cuts in tree bark to seal the wound and help prevent bacterial and fungus infections of the tree. Spray an even coat of Spin Out Spray over tree wounds or cuts. One coat of Spin Out Spray should protect wounds or cuts for up to one year or until average size wounds have healed.

APPLICATION DIRECTIONS

Plant Containers and Tree Wound Dressing

Plant containers/tree wound areas should be clean and dry before applying Spin Out Spray. Used containers should be free of any loose soil. Do not apply Spin Out Spray directly on plants or soil except as a tree wound dressing. Do not apply Spin Out Spray when the temperature is below 50° F. Apply in a well ventilated area.

1. Protect surrounding areas with drop cloth or newspapers.
2. For best results, can temperature should be between 70° and 90°F.
3. Shake can vigorously for at least one minute after mixing ball rattles.
4. Aim opening of spray button toward the surface and away from you. Fingertip should not extend over the front of the spray button.
5. While holding can about 6 to 8 inches from surface, press spray button firmly and move back and forth in a steady even motion. Don't try to achieve full loading in one coat. Apply several thin coats for a better finish and longer root control/bacterial and fungus infection protection.
6. For extended root control/bacterial and fungus infection protection apply additional thin coats.
7. If clogging develops, carefully remove spray button from the can with a twisting motion and clean the opening. DO NOT STICK PINS OR OTHER OBJECTS INTO CAN. While holding the can and spray button opening away from you, gently replace spray button with a twisting motion.
8. Clean spray button immediately after use by turning can upside down and pressing spray button until no more product comes out.
9. Allow Spin Out Spray to dry thoroughly before filling plant container with soil.

SPECIAL PRECAUTIONS

NOTE: Some containers, particularly bedding plant containers, may be treated with a slipping

5/6

agent for easy unstacking. Slipping agents usually appear waxy and can prevent the adhesion of Spin Out Spray. We do not recommend the application of Spin Out Spray under these conditions.

NOTE: This product may be reactive on metal surfaces such as galvanized roofing. Avoid contact with metal surfaces.

WARRANTY STATEMENT

GRIFFIN warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Plant injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of GRIFFIN. In no case shall GRIFFIN be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling, or application of this product, whether in contract, warranty, tort, negligence, strict liability, or otherwise, shall not exceed the purchase price paid for this product or at GRIFFIN'S election, the replacement of this product. GRIFFIN MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To Whom It May Concern:

**SUBJECT: Notification: Change in Disposal Instructions per PR Notice 2001-6
Spin Out® Spray (EPA Reg. No. 1812-394)**

This letter is to notify the Agency that Griffin intends to change the disposal instructions on the label of Spin Out® Spray (EPA Reg. No. 1812-394) consistent with the guidance provided in PR Notice 2001-6. Griffin has chosen to adopt the exact wording set forth in this guidance. The PR Notice indicates that these changes can be made by notification.

Should you require any additional information, please contact me at 229-293-4242, Extension 1104.

Sincerely,

GRIFFIN L.L.C.
