INERT INGREDIENTS	
TOTAL	100.0%
Contains 6.0 Pounds of Active Ingredient per Gallon (720 grams per liter).	

#### KEEP OUT OF REACH OF CHILDREN WARNING-AVISO

Directions For Use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. See package label for additional use directions.

Diseases Controlled	Rate (Pints/acre)	Application Directions
Rust, Purple spot, Cercospora leaf blight	2.0 to 4.0	Begin applications after harvest of spears, when conditions favor disease development on ferns, generally when leaf wetness occurs. Repeat applications at 2 to 4 week intervals until ferns are no longer productive. Use high rate and shortest application interval when conditions favor disease development.  Do not apply within 190 days before harvest. Do not apply more than 12.0 pints/acre (9.0 lb active ingredient/acre) per growing season.

IMPORTANT: All applicable directions, restrictions, and precautions on the Equus 720 package label are to be followed. This labeling contains supplemental instructions and restrictions for use of this product which may not appear on the package label. Follow the instructions carefully.

Note: This labeling must be in the possession of the user at the time of pesticide application.

Expiration date: This supplemental labeling expires on December 31, 2002. These directions for Equus 720 will appear on package labels in 2002.
