# FUMOL AQUA-PY INSECTICIDE CONCENTRATE

## DIRECTION FOR USE —

This insecticide when diluted with water, is intended for use in mechanical sprayers or foggers where a water emulsifiable insecticide is desired.

Dilute Fumol Aqua Py Insecticide Concentrate, using one part concentrate and nine parts water (13 oz. Concentrate and 115 oz. water).

The diluted concentrate may be used as a coarse, wet spray in food processing areas while the areas are in operation. A coarse wetting spray should be used to control crawling insects and a fine misting spray should be used to control flying insects. Use caution in application under these conditions.

**Kills the accessible stage of Indian Meal Moth, Dried Fruit Beetle, Confused Flour Beetle, Rice Weevil, Cadelle, Sawtooth Grain Beetle, Angoumois Grain Moth, Mediterranean Flour Moth.** Shut doors and windows and direct spray into corners, under pallets, and around stored packaged foods, hitting as many insects as possible. Leave room closed for one hour after application.

Ventilate before reentering treated area. Repeat applications as necessary.

**Kills exposed Roaches, Waterbugs, Silverfish, Ants, Spiders.** Direct the spray into cracks and crevices in walls, woodwork, around sinks, pipes, and wherever these insects nest or hide. Contact exposed insects. Repeat as necessary.

**Kills Flies, Mosquitoes, Gnats.** Shut doors and windows and fog the area thoroughly. Allow vapors to remain at least 20 minutes. Repeat applications as necessary.

## FOR APPLICATION BY TRAINED PERSONNEL ONLY

A water-emulsifiable synergized pyrethrum insecticide for use in food-processing plants, restaurants, warehouses, institutions and industrial installations.

### ACTIVE INGREDIENTS

Pyrethrins	2.5%

KEEP OUT OF REACH OF CHILDREN**

CONTENTS

## CAUTION:

Do not apply directly to food. Cover or remove all food and food processing equipment during application. Do not apply space sprays while food processing is underway. Food processing operations should not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions above. After spraying in meat packing plants, bakeries and other food processing plants, wash with potable water all equipment, benches, shelving, etc., where exposed food will be handled. In case washing is impractical, do not allow food to come in contact with treated surfaces for at least 45 hours.

Do not breathe spray mist. Wear a suitable mask or respirator. Ventilate area after treatment. Harmful if swallowed. Remove pets, birds, and fish before spraying. Do not reuse containers. Return to drum recycler, or destroy by perforating or crushing and burying in a safe place. Keep container closed and store in a cool place. Do not use if sun or spill near open flame.
