

**PENWALT**

**FOR INDUSTRIAL USE ONLY**

**TURCLOR<sup>®</sup>**  
**SANITIZER/DEODORANT**  
**FOR GENERAL SANITIZING PURPOSES**

Use **TURCLOR** at 1/2 ounce for each 1 gallon of water. Provides 100 ppm available chlorine. Allow to contact all surfaces to be sanitized for not less than 2 minutes. Sanitizing solutions must be prepared at least daily or more often if the solution becomes diluted or soiled.

**DAIRY FARM EQUIPMENT**

1. Rinse all milking machines, pipeline, utensils, etc. with generous quantities of clean water.
2. Dismantle milker, including air hose, and immerse in wash vat with other utensils and equipment. Wash according to directions with recommended **TURCO** product. Soak and scrape to remove hard particles, if necessary.
3. Rinse all equipment thoroughly with potable water until detergent is completely removed.
4. Sanitize all equipment immediately in rinse tank containing 1/2 ounce of **TURCLOR** for each 1 gallon of water (provides 100 ppm available chlorine) for not less than two (2) minutes.
5. Allow all equipment to drain and air dry.

**BEFORE MILKING**

Wash cow's udders with a solution containing 1/2 ounce of **TURCLOR** for each 1 gallon of water (provides 100 ppm of available chlorine).

**DAIRY, CREAMERY, ICE CREAM AND CHEESE PLANTS**

1. Immediately after using equipment flush thoroughly with potable water.
2. Wash according to directions with recommended **TURCO** product. Soak and scrape to remove hard particles, if necessary.
3. Rinse with potable water until all detergent is removed.
4. Sanitize immediately before use with **TURCLOR** solution: 1/2 ounces to each 1 gallon of water (provides 100 ppm available chlorine), by immersion or flow contact for not less than 2 minutes.
5. Allow all equipment to drain and air dry.

**BREWERIES**

**Filter Mass:** Premise with potable water. Shut off water and raise temperature to 140°F. Add one pound **TURCLOR** to each 80 gallons water (provides 40 ppm available chlorine). Run washer 30 minutes.

**Rubber and Metal Beer Lines:** After premising with potable water, circulate 15 pounds to 100 gallon **TURCLOR** solution (provides 480 ppm available chlorine) for one hour. Allow all equipment to drain and dry.

**Tanks:** Brush with 1 ounce per gallon **TURCLOR** solution (provides 200 ppm available chlorine). Allow all equipment to drain and air dry.

EPA Reg. No. 1816-5 AA

**WARNING!**

**Keep Out of Reach of Children**  
**See Right Panel for Further Precautions**

**TURCLOR<sup>®</sup>**

**Active Ingredients:**

Sodium hypochlorite	3.25%
Trisodium phosphate	91.76%

**Inert Ingredients**

Sodium chloride	5.00%
Trisodium phosphate, total	100.00%

Manufactured by  
**TURCO PRODUCTS, INC.**  
7300 BOLSA AVENUE
