**ONYX 10% BTC 776
Swimming Pool Algaecide
(EPA # 1839-87)**

Onyx 10% BTC 776 swimming pool algaecide is a concentrated swimming pool algaecide which keeps pool water free and clear of visible algae. Controls algae slime in both swimming pools and outside spa whirlpool hot tub baths.

When Onyx 10% BTC 776 swimming pool algaecide is used as directed, it will kill and prevent development of *Chlorella pyrenoidosa* (green), *Phormidium inundatum* (black algae), *Phormidium retzii* (Square D algae), *Lyngba versicolor* (Blue green) and other swimming pool algae.
