DIRECTIONS FOR USE
General Classification

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Onyx PT 3.2 pine odor disinfectant has been designed specifically for homes, motels, schools, and other non-medical institutions where housekeeping is of prime importance.

DISINFECTION- To disinfect hard inanimate previously cleaned surfaces (such as walls, floors, table tops), add 2 ounces PT 3.2 disinfectant per gallon of water. Apply solution with mop, cloth, or sponge or mechanical sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry.

To disinfect toilet bowls, pre-clean the bowl, flush toilet, add 2 ounces PT 3.2 disinfectant directly to the bowl water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

For disinfection, a pre-cleaning step is required and recommended. Prepare a fresh solution for each use.

PRECAUTIONARY STATEMENTS
Hazard to Human and Domestic Animals
WARNING

Keep Out of Reach of Children. Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

PT 3.2 Pine Odor Disinfectant is a broad spectrum disinfectant designed for general household and light industrial cleaning of walls, floors, and any inanimate hard surfaces. When used as directed, PT 3.2 will also deodorize those areas which generally are hard to keep fresh smelling, such as garbage pails, sink tops, and bathroom areas including toilet bowls and urinals which are prone to odors caused by the growth of some micro-organisms. PT 3.2 is an effective disinfectant against *Staphylococcus aureus*, *Salmonella choleraesuis* and *E. coli* at 2 ounces per gallon. In addition, when used as directed, the product is effective against the Pathogenic fungi, *Trichophyton interdigitale*.

PT 3.2 is formulated with a pine oil quaternary combination which disinfects, deodorizes, and leaves behind the pleasant odor of pine.

When used as directed, PT 3.2 meets all criteria for a broad spectrum disinfectant. PT 3.2 may be used as a general cleaner to clean areas where the fresh smell of pine is desired.
