### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PT 3.2 Pine Odor Disinfectant is a broad spectrum bactericide and fungicide for use in homes, schools, lodging establishments, transportation terminals, office buildings, manufacturing facilities, retail businesses and athletic/recreational facilities, where housekeeping is a prime importance. This formulation provides effective cleaning, deodorization and disinfection of walls, floors, sink tops, toilet bowls, tables, chairs and telephones. When used as directed, this product will also deodorize those areas which generally are hard to keep fresh smelling, such as garbage pails, sink tops and bathroom areas including toilet bowls and urinals which are prone to odors caused by the growth of microorganisms.

This product may also be used as a general cleaner for areas where a fresh pine scent is desirable.

**DISINFECTION** - To disinfect previously cleaned, inanimate, hard surfaces add 2 ounces of this product per gallon of water. Apply solution with a mop, cloth sponge or hand pump trigger sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry.

For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

**To disinfect toilet bowls:** pre-clean the bowl, flush toilet and add 2 ounces of this product directly to the bowl water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

**BACTERICIDAL ACTIVITY** - When diluted at the rate of 2 ounces per gallon of water, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis, and Escherichia coli.

**FUNGICIDAL ACTIVITY** - When diluted at the rate of 2 ounces per gallon of water, this product is effective against the pathogenic fungi, Trichophyton mentagrophytes (Athlete's Foot Fungus), on hard surfaces found in bathrooms, shower stalls, locker room, exercise facilities or other clean, non-porous, hard surfaces commonly contacted by bare feet.

**ACCEPTED**

OCT 3 2002

Under the Federal Insecticide, Fungicide, and  
Rodenticide Act as amended, for the  
pesticide, registered under  
EPA Reg. No. 1838-98

Amend 07/07/02

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**WARNING**

**KEEP OUT OF REACH OF CHILDREN.** Causes substantial but temporary eye injury and skin irritation. Do not get in eyes, on skin, or on **clothing**. Wear protective eyewear (safety glasses). Harmful if swallowed. Wash thoroughly with soap and water after **handling**. Remove contaminated clothing before reuse.

**FIRST AID**

Have the product **container** or label with you when calling a poison control center or doctor, or going for treatment.  
**If in eyes:** Hold eye **open** and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, **then continue** rinsing eye. Call a poison control center or doctor for treatment advice.  
**If on skin or clothing:** **Take off** contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.  
**If swallowed:** Call **poison control center** or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not **induce vomiting** unless told to do so by the poison control center or doctor. Do not give anything by mouth to an **unconscious person**.  
**If inhaled:** Move **person to fresh air**. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by **mouth-to-mouth**, if possible. Call a poison control center or doctor for further treatment advice.  
*(OPTIONAL)* You may contact xxx/xxx-xxxx for emergency medical treatment information.

**NOTE TO PHYSICIAN**

Probable mucosal **damage** may contraindicate the use of gastric lavage.

*(Note: If container size is of 5 gallons or greater, the following Environmental Hazards statement must be used.)*

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the **requirements** of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has **been notified** in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without **previously notifying** the local sewage treatment plant authority. For guidance contact your State Water Board or **Regional Office** of the EPA.

**STORAGE AND DISPOSAL**

**DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.**

**PESTICIDE STORAGE** - Store in a dry place no lower in temperature than 50°F or higher than 120°F.

**CONTAINER DISPOSAL** - Do not reuse empty container. Triple rinse empty container with water. Plastic containers may be disposed of in a **sanitary landfill**, incinerated, or if allowed by local authorities, by burning. If burned stay out of smoke.

*For containers 1 gallon or less:* Do not reuse empty container (bottle, can, bucket). Wrap container and put in trash.

**PESTICIDE DISPOSAL** - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State **Pesticide** or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
