NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Industrial Type Concentrated Acid
Bowl Cleaner

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Chemical Company
100 Warren Street
Jersey City, NJ 07302

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the provisions of Section 3(a) of the Act, and you are advised that you will submit a complete application for registration/reregistration of this product under FIFRA Section 3(c)(5). You shall comply with all requirements of the Act and the regulations thereunder.

The above conditions are subject to the registration which will be subject to cancellation in accordance with Section 3(a) of the Act.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Onyx Industrial Type Concentrated Bowl Cleaner is designed to clean, disinfect and deodorize toilet bowls and urinals.

1. To disinfect toilet bowls, flush toilet, add 2 ounces Onyx Industrial Type Concentrated Bowl Cleaner directly to the bowl water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.
2. To disinfect urinals, add 1 ounce Onyx Industrial Type Concentrated Acid Bowl Cleaner to 48 ounces (1 1/2 quarts) of water. Flush urinal. Apply solution with brush or toilet mop to urinal surfaces, making sure to scrub completely. Let stand for 10 minutes and flush.
3. For badly stained toilet bowls just flush, then use toilet mop to push water from the bowl over the trap. Press swab mop against bowl to remove excess water then saturate mop with 1 ounce Onyx Industrial Type Concentrated Acid Bowl Cleaner while holding bottle and applicator over bowl. Swab bowl completely, making sure to get under the rim. Let stand for 10 minutes then flush. Rinse applicator completely.
4. For gross filth or heavy soil, a pre-cleaning step is required before disinfecting.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER - POISON

Keep Out of the Reach of Children. Corrosive. May be Fatal Or Harmful if Swallowed. Do not breathe vapors or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician.

For skin contact wipe off acid gently, immediately flood surface with water, using soap freely, then cover with moist sponges or baking soda.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Onyx Industrial Type Cleaner is an effective detergent designed to clean the toilet bowl and directed the production against Salmonella, Staphylococcus aureus, and other organisms in addition to preventing bacterial growth.

Efficacy tests have shown that Onyx Industrial Type Concentrated Bowl Cleaner is effective bactericide against 5% blood serum.

Onyx Industrial Type Cleaner contains a formulation with cleaning action which allows easy removal of debris, and disinfects. Onyx Industrial Type Cleaner contains no
