DIRECTIONS FOR USE

It is a violation of Federal law to sell or distribute any pesticide in container not in conformity with its labeling.

Onyx PT 4.0 Pine Scent Disinfectant/Detergent is for use in hospitals, nursing homes, day care centers, and other institutions where cleanliness is important.

DISINFECTION To disinfect and deodorize previously cleaned surfaces such as walls, floors, and ceilings, mix 4 ounces PT 4.0 disinfectant per gallon of water. Apply with mop cloth or sponge. For carpeting, spray thoroughly and thoroughly blot with a dry towel. Allow to air dry.

To disinfect toilet, mix 1/2 ounce PT 4.0 disinfectant in 1 quart of water. Apply to the bowl completely using a toilet brush. Be sure to get under the rim. Let stand for 10 minutes. Heavily soiled areas - a preliminary step of scrubbing is recommended. Prepare a fresh solution for each use.
