(Under the Federal Insecticide, Fundicide, and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

5% BTC 99 Swimming Pool Algaecide

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Onyx Chemical Company 190 Warren Street Jersey City, N.J. 07302

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act, The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance when with FIRRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar product to to submit such data.
- Make the labeling change listed below before you release the product for shipment:
 - Add the phrase "EPA Registration No. 1839-132.

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

URE OF APPROVING OFFICIAL

If these conditions are not complied with, the registration will be subject to cancellation in accordance with PIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

John H. Lee Product Manager 31 Disinfectants Branch Registration Division (TS-767C)

Enclosure

It is a violation to Federal Law to use this product in a manner inconsistent with its labeling.

Initial Dose: add I gallon 5'4, 8îC qq swimming pogl algaecide

to 2000 pallons of pool water.

Maintanance Dose: add | Quart 5% bit 4; swirtming rool

algaecide to 25,000 gallons of pool water

Initial dose is used when filling pool at beginning of swimming season. If pool has visible algae growth, treat with initial dose Vacuum pool after 24 hours to remove algae debris. If visible algae are still present or re-appear, repeat this treatment procedure as necessary. When pool is free of visible algae, us the recommended maintenance dose

Under the management of the latest the latest the latest the latest the latest latest

maintenance dose more frequently.

If make-up water is added to the rate of more than 10% per week of pool capacity, add 1 quart of 5% Brc 99 for each 5000 callons of fresh make-up water added not make

gallons of fresh make-up water added per week.

When swimming season is over, add Iga.ion 590657C.99 to
25,000 gallons of water in treating water left in pool. This dose helps provide a measure of control of algae growth during the winter months. This treatment will also help the servicing of the

pool before it is returned to use the following season When 5% BTC 99 is used as directed, it will kill and prevent development of Chlorella pyrenoidosa (green), Phormidium inundatum and Phormidium retzil (blue-green), Lyndba versicolor (blue-green) and other swimming pool algae. 5% BTC 99 is compatible with most commonly used swimming pool chemicals, but should not be mixed with soap or other water-treating chemicals. 5% BTC 99 works best when added by itself directly to pool water. 5% BTC 99 at use dilution is non-corrosive to inanimate surfaces.

DIRECTIONS FOR USE IN OUTSIDE SPAS/ WHIRLPOOLS/ HOT TUB

Initial Dose: Add 2.5 ounces of 5% BTC 99 per 500 gallons of water, Initial dose is used upon filling of Spa/Whirlpool/Hot Tub Bath

Maintenance Dose: Add 4 ounces of 5% DTC 99 Swimming Pool Algaecide per 500 gallons of water. Maintenance dose should be added at 3-5 day intervals. If high temperatures prevail or Spa/Whirlpool/Hot Tub Bath has unusually heavy use, add maintenance dose more frequently.

Drain and clean Spa/Whirlpool/Hot Tub Bath at least once a month or as needed depending upon bather load.
