2. Signature Connie Steimle		3. Title Regulatory Analyst			
4. Typed Name Connie Steimle		5. Date 9/28/95			

# QUAT FISH HOLD SANI

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**QUAT FISH HOD SANITIZER** is designed specifically for food processing plants and other food handling institutions where sanitization of food contact surfaces is of prime importance. QUAT FISH HOLD SANITIZER will sanitize previously cleaned and rinsed non-porous, food contact surfaces such as tanks, chopping blocks and counter tops. When used at the recommended concentration of 200 ppm, no potable water rinse is required.

**SANITIZATION** - To sanitize previously cleaned and rinsed non-porous food contact surfaces prepare 200 ppm active quaternary QUAT FISH HOLD SANITIZER solution by dissolving one .25 oz. packet into 4 gallons of water or 1.25 ounces (net weight) into 20 gallons of water.

To sanitize immobile items (such as tanks, chopping blocks, counter tops), flood the area with 200 ppm QUAT FISH HOLD SANITIZER solution or apply with a cloth or sponge, making sure to wet all surfaces completely for at least 60 seconds. Let air dry. Prepare a fresh solution for each use.

When used as directed, QUAT FISH HOLD SANITIZER is an effective sanitizer when diluted in water up to 750 ppm hardness (as CaCO<sub>3</sub>)

### STORAGE AND DISPOSAL

#### DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

**STORAGE:** Store in a dry place no lower in temperature than 50°F or higher than 120°F.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse empty container with water. Return drum then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated, or if allowed by local authorities, by burning. If burned, stay out of smoke.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

## KEEP OUT OF REACH OF CHILDREN DANGER

### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reentry. If swallowed, drink egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measure vital signs. Circulatory shock, respiratory depression and convulsion may be needed.

See additional precautions on right side panel.
