1 GALLON

DIRECTIONS FOR USE

For Professional Use Only

This is a concentrated insecticide and must be diluted for use. Make a standard solution by diluting 1½ Dieldrin with water as follows:

Solution A - Use 1 gallon of 1½ Dieldrin to 61 gallons of water.

DIRECTIONS FOR APPLICATION

(A) BUILDING WITH CRAWL SPACES

(1) Apply 2 gallons standard solution per 5 linear feet to critical areas only under the house, such as along the inside of foundation walls, around piers, sewer pipes, conduits, etc. Trench according to directions in part (2) below.

(2) Along the outside and outside of foundation walls, dig a narrow trench, such trench to be dug no deeper than the top of the footings. If the trench is less than 15 inches in depth to the top of the footing, apply 1 gallon standard solution per 5 linear feet. Replace the soil and apply another 1 gallon standard solution per 5 linear feet to the back fill. Cover the back fill with a layer of soil. If the trench is more than 15 inches in depth to the top of the footing, apply 2 gallons of standard solution per 5 linear feet. Replace the soil and apply another 2 gallons standard solution per 5 linear feet to the back fill. Cover the back fill with a layer of soil. A trench 30 inches deep is a maximum depth required alongside those foundations where the top of the footings is greater than 30 inches deep.

(3) Apply 1 gallon standard solution per 10 square feet of soil surface under attached porch entrance platform utility entrances, and similar situations where slab or fill is at the grade level. Where crawl spaces exist, treat as described in part (1) above.

(B) BUILDINGS WITH CONCRETE SLAB ON THE GROUND

(1) Apply 1 gallon standard solution per 10 square feet as an over-all treatment under the slab as well as under attached porches, entrance platforms, utility entrances and similar situations where slab or fill is at grade level.

(2) Apply 2 gallons standard solution per 5 linear feet to critical areas only under the slab, such as along the inside of foundation walls, around sewer pipes, and conduits. Trench as in part (3) below.

(3) Along the outside and inside of foundation walls dig a narrow trench with a band no wider than 6 inches no deeper than the top to the footings, but no deeper than 15 inches. Apply 1 gallon standard solution per 5 linear feet. Replace the soil and apply another 1 gallon standard solution per 5 linear feet to the back fill. Cover the back fill with a layer of soil at least 1" deep.

(C) BUILDINGS WITH BASEMENTS

Apply as in B-1, 2, and 3 above.
Where crawl spaces exist treat as described in part A-1 above.

WARNING

Hazardous if swallowed, inhaled, or absorbed through skin! Do not breathe spray mist. Do not get in eyes, on skin or on clothing. In case of contact, immediately remove contaminated clothing and flush skin or eyes with plenty of water; for eyes, get medical attention. Wash thoroughly with soap and water after handling and before eating or smoking; wear clean clothing. During commercial or prolonged exposure in spray-mixing and loading operation, wear clean synthetic rubber gloves and a mask or respirator of a type passed by the U.S. Bureau of Mines for Aldrin protection.

Do not apply or allow to drift to areas occupied by unprotected humans or beneficial animals. To protect fish and wildlife, do not contaminate streams, lakes or ponds with this material.

This product is toxic to fish, birds, and other wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Rinse equipment and containers and dispose of liquid wastes, spillage, and containers in a pit in non crop lands located away from water supplies.

If swallowed cause vomiting by giving a tablespoonful of salt in a glass of warm water and call a physician immediately. Repeat until vomit fluid is clear. Have victim lie down and keep quiet. NOTE TO PHYSICIAN: In case of poisoning, administer Barbiturates as for Anti-convulsant Therapy.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

QUALITY TESTED

1½ DIELDRIN Emulsifiable Spray Concentrate

ACTIVE INGREDIENTS:

Dieldrin*	18.7%
Xylene	73.3%
INERT INGREDIENTS	8.0%
	100.0%

DO NOT USE, STORE, POUR OR SPILL NEAR HEAT OR OPEN FLAME

- *15.9% Hexachloroepoxyoctahydro-endo-exo-dimethanonaphthalene
- 2.8% Related Compounds

Contains 1.5 lbs. Dieldrin per gallon.

WARNING: Keep Out of Reach of Children.

See Additional Warning in Right Panel.
