**PREVENT
MILDEW**

Moth Kill

Para
DICHLOROBENZENE

Odor will not cling to clothes
Overcomes many unpleasant odors

DIRECTIONS for storing woolen clothing and furs: Brush articles thoroughly and remove all stains before storing. Sprinkle a quantity of *Moth Kill* Nuggets at bottom of container used for storing. Spread *Moth Kill* Nuggets between layers of articles and place a liberal quantity on top. Keep containers closed as tightly as possible for at least seven days. Repeat treatment before nuggets are entirely evaporated. Use one ounce of *Moth Kill* Paradichlorobenzene Nuggets to every three cubic feet of confined space in tight containers, such as storage closets, storage trunks, etc. If storage containers are opened, add sufficient *Moth Kill* Paradichlorobenzene Nuggets to replace used portion and keep closed for at least seven days after treatment.

CAUTION: *Moth Kill* Paradichlorobenzene Nuggets should not be mixed or placed in contact with other moth preventive chemicals. Do not place on polished, painted or plastic surfaces.
