DIRECTIONS for storing clothing and furs: Brush thoroughly all articles to be stored, removing all stains. Spread Excell Crystals or Nuggets at the bottom of storage container and add more Excell Crystals or Nuggets between layers of articles. Place a sizeable amount of crystals or nuggets on the top. Containers should be closed tightly. Replenish Excell Crystals or Nuggets periodically to prevent complete evaporation. Use one ounce of Excell Crystals or Nuggets to every 5 cubic feet of confined space in tight containers, such as storage closets, storage trunks, etc. Keep containers tightly closed at all times and for at least seven days after treatment.
