

4-16 65

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
UNDER NO. 1883-16

**KILLS ROACHES - ANTS - SPIDERS - WATER
BUGS AND SILVERFISH
LONG LASTING RESIDUAL ACTIVITY**

.....

ROACHES AND WATERBUGS

Follow above directions, treating infested cracks and other hiding and resting places, and surfaces near these places, over which roaches will crawl when coming out of hiding. Repeat treatment as often as necessary to maintain effective control.

ANTS - SPIDERS

Follow above directions, wet especially door sills, window frames and wherever ants enter premises. Treat openings around water pipes, heat ducts, electric outlets, and baseboards where spiders and ants may come into rooms from wall spaces and partitions. Repeat treatment as often as necessary to maintain effective control.

.....

.....

Silverfish

Follow directions same as Roaches and Waterbugs, treating especially baseboards, areas behind shelving, bookcases and storage areas.

CAUTION

Repeated or prolonged contact with skin can cause toxic symptoms. Avoid inhalation or skin contact. In case of spillage on skin wash with soap and water. Avoid contamination of feed and food stuffs. Harmful if swallowed. Keep out of reach of children. Do not spray onto or near fire or open flame. Do not smoke while spraying.

.....

USDA Reg. No. 1883-16

DIRECTIONS

This solution should be applied to the area to be treated by means of a coarse wet spray or by means of paint brush. Be sure surface being treated is thoroughly wet.
