Subject: 8 IN 1 Ear Mite Remedy EPA Registration No. 1903-28 Notification Submission

Gentlemen:

Enclosed please find the 8 IN 1 Pet Products, Inc. EPA Application for Pesticide for the subject product.

John

Included is a copy of the label clearly marking the typographical error which omitted the words "And Ticks" in the DIRECTIONS FOR USE heading. We believe this registration amendment may be accomplished by notification as outlined in PR Notice 98-10 Section IV.A.

If there are any questions, please contact me. Your attention and cooperation would be greatly appreciated in this matter.

Sincerely,

Alfred V. Boaro Director of Research & Development

EPA Est. 1903-NY-01

EPA Reg. No. 1903-28

Net Contents: 1 Fl. Oz. (29.5ml)

Ear mites usually induce the formation of a dry, dark brown, waxy exudate with crusts in the ears of pets. Ear mites may be detected by placing some of the ear exudate on a dark surface and carefully watching for the movement of tiny white specks away from the exudate. Inflamed, watery or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

and the second second

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS, PUPPIES, CATS, KITTENS AND RABBITS

To Kill Ear Mites <u>And Ticks</u>: Clean ears to remove build up of wax and dirt. While firmly holding pet, and avoiding contact with pet's eyes, carefully fill the ear canal with approximately 1-10 drops depending on the size of the pet. Massage base of ear for a few minutes to permit penetration of the ear wax by the solution. Allow pet to shake its head to remove as much solution as possible. Wipe excess from the ear with cotton. Repeat treatment every other day until condition has cleared up or as directed by your veterinarian. If no improvement is seen, consult a veterinarian. This solution applied twice monthly will reduce the possibility of ear mite infestation and the accumulation of ear wax.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame. Disposal: Do not reuse empty container. Wrap and put in trash.

PRECAUTIONARY STATEMENT Hazards to Humans and Domestic Animals CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Do not apply directly to food or contaminate food or feedstuffs with this product.

For external use only. Do not use for a prolonged period of time. Not for use on puppies, kittens or rabbits less than 12 weeks old. If condition for which this preparation is used persists or if an irritation develops, discontinue use and consult a veterinarian.

Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing or medicated animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FIRST AID

If Swallowed: Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

If in Eyes: Flush eyes with plenty of water. See a physician if irritation persists. If Inhaled: Remove victim to fresh air.
