

PROF. DR. GARY HAGEMIS
PARAZITICIDAL BOMBYLIAN
CAUTION

Excels Ear Mite Remedy is a highly effective, broad-spectrum
antiparasitic, antipruritic, and anti-inflammatory solution for the treatment of ear
infections in dogs, cats, ferrets, and rabbits. It is safe for use on puppies, kittens, ferrets and rabbits less than 12 weeks
old. It is indicated for use when the organism is used per use or if an
infection develops, discontinue use and consult a veterinarian.
Consult a veterinarian before using this product on debilitated, aged,
pregnant, nursing or lactating animals. Sensitivity may occur after
using ANY pesticide product via bath. If signs of sensitivity occur,
bathe your pet with mild soap and rinse with large amounts of water.
If signs continue, consult a veterinarian immediately.

If swallowed
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the Poison Control
Center or Doctor.
• Do not give anything by mouth to an unconscious person.

If on skin or clothing
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.

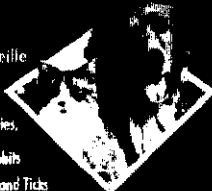

If in eyes
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes then
continue rinsing eye.

If inhaled
• Move person to fresh air.
• If person is not breathing call 911 or an ambulance, then give artificial
respiration, preferably by mouth-to-mouth if possible.

Have the product container or label with you when calling
Poison Control Center or Doctor or going for treatment.
For emergency information, call (800) 645-5154.

If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

INSTRUCTIONS FOR USE: This is a solution of Excels Ear Mite Remedy. Use this product in a manner consistent with the following:

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS, PUPPIES, CATS, KITTENS, FERRETS AND RABBITS.

To Kill Ear Mites and Ticks: Clean ears of ear wax or debris. If wax and/or debris firmly block ear, and existing ear wax and debris are blocking the ear canal with approximately 1-10 drops depending on the size of the pet. Massage base of ear for a few minutes to permit penetration of the ear wax by the solution. Allow ear to shake. If head to remove as much solution as possible. Wipe excess from the ear with cotton Q-tips. Repeat procedure every other day until condition has cleared up or as directed by your veterinarian. If no improvement is seen, consult a veterinarian. This solution applied twice monthly will reduce the possibility of ear mite infestation and the accumulation of ear wax.

STORAGE: Store in a cool, dry area, away from heat or open flame.
DISPOSAL: If empty, Do not reuse container. Place in trash or other for recycling if available. If partly filled, Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place excess product down any indoor or outdoor drain.
