401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
1910-4

Date of Issuance:
DEC - 5 1996

Term of Issuance: Conditional

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

Name of Pesticide Product: Aqua-Shield Fly Repellent Spray

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Kim Davis
RegWest
Agent for Goodwinol Products Corporation
P.O. Box 2220
Greeley, CO 80632-2220

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 1910-4".
- b. Revise the footnote to Piperonyl Butoxide to read as follows:
*Equivalent to 0.16 % (butylcarbityl) (6-propylpiperonyl) ether and 0.04% related compounds.
- c. Correct the typo in the sixth sentence of the second paragraph of the directions for use.

Signature of Approving Official:

RPK

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Livestock remedy. Do not apply to humans. For external use only. Use only on show, race, work or pleasure horses. Do not use on horses intended for slaughter. Aqua-Shield Fly Repellent Spray is a ready-to-use product especially designed to protect horses and ponies from biting and nuisance flies, such as stable flies, horn flies, horse flies, face flies and houseflies, as well as mosquitoes and gnats. Shake well before use.

Remove excess dirt and dust by brushing coat. Extremely dirty horses/ponies should be shampooed, rinsed and the coat allowed to dry before application. From a distance of 6 to 12 inches, apply spray directly to animal's coat giving particular attention to legs, shoulders, flanks, neck and topline. For best results, apply against the lay of the hair. Do not spray into nostrils or eyes, or on genitalia. To treat face, dampen a cloth with spray and rub on face and head, being careful to avoid eyes. Apply approximately 1 to 2 ounces per animal, depending upon animal size, using a sufficient amount to thoroughly wet animal's coat. May be applied daily or at intervals necessary to give desired protection. Reapply each time the animal is washed or exposed to heavy rain. Environmental conditions, such as temperature and humidity, and cleanliness of animal's coat will affect the amount of product required to do an effective job. It may be necessary to experiment with the amount applied and the treatment interval in order to achieve optimum effectiveness.

STORAGE AND DISPOSAL

[For containers greater than 1 gallon:]

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat and open flame. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

[For containers 1 gallon or less:]

Storage: Store in a cool, dry place (preferably locked) inaccessible to children and pets. Protect from freezing. **Disposal:** Do not reuse empty container; wrap and put in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed or inhaled. Avoid contact with skin or eyes. Avoid contamination of foodstuffs. Wash hands after applying. Consult a veterinarian before use on pregnant or nursing mares or on young horses or after first sign of any adverse reaction.

Statement of Practical Treatment

If Swallowed: Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Contact a physician or poison control center immediately. Do not induce vomiting nor give anything by mouth to an unconscious or convulsing person. **If Inhaled:** Remove person to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted. **If In Eyes:** Flush eyes with plenty of water for 15 minutes. Get medical attention if irritation persists. **If On Skin:** Wash with soap and water. Get medical attention if irritation persists.

Lot No. on bottom of container.
