Elco

ROACH

POWDER

ONE TRIAL WILL CONVINCE YOU

If you find that ELCO ROACH AND ANT POWDER does all that we claim it will do—then tell others; if it fails, tell us—and we will discuss your particular problem and make recommendations.

WARNING

May be fatal if swallowed! Do not breathe dust. Do not contaminate feed or food stuffs. Keep out of reach of children, and domestic animals. Do not reuse container. Destroy when empty.

DO NOT USE IN COMMERCIAL FOOD PREPARATION AREAS OR IN EDIBLE PRODUCTS AREAS OF FOOD PROCESSING PLANTS.

ANTIDOTE

Give lime water, 1% calcium chloride or much milk. Then give emetic of 1 tbs. salt in warm water. Give strong tea or coffee or tsp. of aromatic spirits of ammonia in water. Call physician.

USDA Reg. No. 1941-56

KILL PESTS use Elco

A KILLER KATZ JOB TESTED PRODUCT

DIRECTIONS

Dust areas indicated below. ELCO ROACH AND ANT POWDER does not kill immediately; the insects carry the deadly powder on their legs—back to the nest, destroying the source of infestation. Insects should be hit with the powder if possible. Use ELCO ROACH AND ANT POWDER on dry surfaces only. Repeat treatment if necessary.

ROACHES — WATERBUGS — SILVERFISH

Place dust only in areas inaccessible to children and pets. Any powder visible after application is completed should be carefully brushed into cracks and crevices or else removed. May be applied on surfaces behind sinks, refrigerators, stoves and cabinets that are not accessible to children and pets.

ANTS

OUTSIDE: In dry weather, dust over infested earth and along cracks in cement walks. Do not dust on grass or other vegetation.
INSIDE: Dust floor next to wall around kitchen and pantry.
